€3,000,000,000

Euro Medium Term Note Programme

Under the €3,000,000,000 Euro Medium Term Note Programme (the **Programme**) described in this base prospectus (the **Base Prospectus**), Sparebanken Sør (the **Issuer, Sparebanken Sør** or the **Bank**) may from time to time issue notes (the **Notes** which term shall include, so far as the context permits, VPS Notes (as defined below)) denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

The Notes may be issued in bearer form or in uncertificated and dematerialised book entry form (the **VPS Notes**) settled through the Norwegian Central Securities Depository, *Verdipapirsentralen ASA* (trading as Euronext Securities Oslo) (**Euronext VPS**).

As more fully described herein, Notes may be issued (i) on an unsubordinated basis (**Senior Preferred Notes**); (ii) on a non-preferred basis as provided in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be (**Senior Non-Preferred Notes**); or (iii) on a subordinated basis as provided in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be (**Subordinated Notes**). The Terms and Conditions of Subordinated Notes will not contain any events of default.

The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed €3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under “*Overview of the Programme*” and any additional Dealer appointed under the Programme from time to time by the Issuer (each a **Dealer** and together the **Dealers**), which appointment may be for a specific issue or on an ongoing basis. References in this Base Prospectus to the **relevant Dealer** shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe such Notes.

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see “Risk Factors”.

This Base Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**), as competent authority under the Prospectus Regulation (as defined below). The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes. Investors should make their own assessment as to the suitability of investing in the Notes.

Such approval relates only to the Notes which are to be admitted to trading on the regulated market (the **Regulated Market of Euronext Dublin**) of the Irish Stock Exchange plc trading as Euronext Dublin (**Euronext Dublin**) or another regulated market in the European Economic Area (the **EEA**) for the purposes of Directive 2014/65/EU (as amended) (**MiFID II**) and/or which are to be offered to the public in any Member State of the EEA in circumstances that require the publication of a prospectus.

Application has been made to Euronext Dublin for Notes issued under the Programme during the period of 12 months from the date of this Base Prospectus to be admitted to its official list (the **Official List**) and to trading on the Regulated Market of Euronext Dublin. The Issuer has further requested that the Central Bank send to the Norwegian Financial Supervisory Authority (*Finanstilsynet*) (the **NFSA**) in its capacity as the competent authority in Norway (i) a copy of this Base Prospectus and (ii) a certificate of approval pursuant to Article 25 of the Prospectus Regulation attesting that the Base Prospectus has been drawn up in accordance with the Prospectus Regulation, for purposes of listing Notes on the Oslo Børs ASA’s regulated Market (the **Oslo Stock Exchange Regulated Market**).

This Base Prospectus (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the EEA for the purposes of MiFID II. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

Each of the Regulated Market of Euronext Dublin and the Oslo Stock Exchange Regulated Market is a regulated market for the purposes of MiFID II. References in this Base Prospectus to Notes being **listed** (and all related references) shall mean that such Notes have been either admitted (i) to the Official List and to trading on the Regulated Market of Euronext Dublin or (ii) to trading on the Oslo Stock Exchange Regulated Market, as may be agreed between the Issuer and the relevant Dealer in relation to the relevant Series (as defined below).

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined in “*Terms and Conditions of the Notes other than VPS Notes*” or “*Terms and Conditions of the VPS Notes*”, as the case may be) of Notes will be set out in a final terms document (the **Final Terms**) which will be delivered to the Central Bank and Euronext Dublin (if listed on Euronext Dublin). Copies of the Final Terms in relation to the Notes to be listed on Euronext Dublin will also be published on the website of Euronext Dublin.

The Programme is expected to be assigned an “A1” (Senior Preferred Notes) rating by Moody’s Investors Service Cyprus Limited (**Moody’s**). Moody’s is established in the EU and is registered under Regulation (EC) No. 1060/2009 (as amended) (the **CRA Regulation**) and is included in the list of credit rating agencies registered under the CRA Regulation, which is available on the European Securities and Markets Authority (**ESMA**) website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) (last updated on 24 March 2022).

Where a Tranche of Notes is rated, such rating will be disclosed in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Interest and/or other amounts payable under Floating Rate Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) No. 2016/1011 (the **EU Benchmarks Regulation**). If any such reference rate does constitute such a benchmark, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to Article 36 (*Register of administrators and benchmarks*) of the EU Benchmarks Regulation. As far as the Issuer is aware, following the submission by the Swedish Financial Benchmark Facility (as administrator of STIBOR) of an application for authorisation to the Swedish Financial Supervisory Authority on 27 December 2021, STIBOR may continue to be used, unless and until such authorisation is refused. The registration status of any administrator under the EU Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the applicable Final Terms to reflect any change in the registration status of the administrator.

To the best of the knowledge of the Issuer the information contained in this Base Prospectus is in accordance with the facts and makes no omission likely to affect its import.

This Base Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*”). This Base Prospectus shall be read and construed on the basis that such documents are incorporated and form part of this Base Prospectus.

Other than in relation to the documents which are deemed to be incorporated by reference (see “*Documents Incorporated by Reference*”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus.

The Dealers have not independently verified the information contained herein. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers as to the accuracy or completeness of the information contained or incorporated in this Base Prospectus or any other information provided by the Issuer in connection with the Programme. No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer in connection with the Programme.

Subject as provided in the applicable Final Terms, the only persons authorised to use this Base Prospectus in connection with an offer of Notes are the persons named in the applicable Final Terms as the relevant Dealer or the Managers, as the case may be.

No person is or has been authorised by the Issuer to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers.

Neither this Base Prospectus nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of this Base Prospectus or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Base Prospectus nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Base Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS BASE PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer and the Dealers do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer or the Dealers which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Base Prospectus and the offering, sale and/or transfer of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the EEA (including for these purposes, France and Norway), the United Kingdom (UK) and Japan, see “*Subscription and Sale*”.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement to this Base Prospectus;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor’s financial activities are principally denominated;
- (iv) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of any relevant indices and financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the **Securities Act**) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (see “*Subscription and Sale*”).

Notes denominated in NOK may not be offered, sold or delivered in Norway or to or for the benefit of persons domiciled in Norway, unless in (i) compliance with the regulations relating to the offer of VPS Notes and (ii) the

registration in Euronext VPS (as defined herein) – or another central securities depository which is properly authorised or recognised by the NFSA as being entitled to register such bonds pursuant to the CSD Act/CSDR (as defined below) – of VPS Notes.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET

The applicable Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II (as defined above) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID II Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

UK MIFIR PRODUCT GOVERNANCE/TARGET MARKET

The applicable Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to the Financial Conduct Authority (**FCA**) Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

IMPORTANT – EEA RETAIL INVESTORS

If the Final Terms in respect of any Notes includes a legend entitled “*Prohibition of sales to EEA Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No. 1286/2014 (as amended) (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS

If the applicable Final Terms in respect of any Notes includes a legend entitled “*Prohibition of sales to UK Retail Investors*”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a **retail investor** means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the EUWA; or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the **FSMA**) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the **UK PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

STABILISATION

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Risk Factors

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes issued under the Programme. The Issuer has identified in this Base Prospectus a number of factors which could materially adversely affect its business and ability to make payments under the Notes. In addition, factors which the Issuer believes are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer may be unable to pay interest, principal or other amounts on or in connection with any Notes for other reasons which may not be considered significant risks by the Issuer based on information currently available to it and which it may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this section.

RISKS RELATING TO THE ISSUER

Material deterioration in the credit quality of the Issuer's borrowers may lead to the Issuer being unable to satisfy its obligations under the Notes

As the Issuer conducts its business in Norway, its performance is influenced by the level and cyclical nature of business activity in Norway, which is in turn affected by both domestic and international economic and political events. Credit losses may occur at a rate higher than experienced in the past due to the prevailing market conditions.

The market turmoil caused by the COVID-19 pandemic outbreak in 2020 meant that, for a period of time during 2020, it was more difficult for the Issuer to refinance its borrowings on commercially satisfactory terms. As the pandemic is ongoing, there is a risk that this situation could arise again, or that a similar situation could arise due to a different variation or mutation of the COVID-19 or different pandemic in the future. This could also adversely impact the Issuer's ability to pay amounts due under the Notes.

The long-term economic consequences of Covid-19 in 2020 and the measures taken by national governments to contain it caused a decline in gross domestic product (**GDP**) and an increase in the unemployment rate on average for 2020 and 2021. During the first quarter of 2022, all restrictions introduced by the Norwegian government to contain the Covid-19 pandemic, except a few minor ones to protect especially vulnerable groups, have been rescinded. The vaccination rate of the Norwegian population is high, GDP output at year-end 2021 was above the level at year-end 2019 and unemployment is now below the level before the pandemic outbreak. There is, however, still a risk that new variations and mutations of Covid-19, to which current vaccines are not effective, could surface and lead to the reintroduction of government-imposed restrictions and lock-downs, which may eventually affect the borrowers' ability to meet their payment obligations on their loans. Therefore, the Issuer cannot rule out that borrowers may experience a sudden loss of income going forward and default on their loans. Such default could jeopardise the Issuer's ability to make payments under the Notes on a timely basis.

The Norwegian economy is a small and open economy easily affected by global macroeconomic events and developments. A number of recent political events, in particular Russia's invasion of Ukraine in February 2022, has resulted in considerable geopolitical uncertainty and has caused increased volatility in financial markets. Energy prices have soared during 2022, which in combination with global supply challenges in connection with the outbreak and continuance of COVID-19 for several categories of goods has contributed to unusually high inflation both in Norway and abroad. In order to combat excessive inflation, central banks have increased their policy interest rates and are expected to further increase such rates in the near future. On 18 August 2022, the Norwegian Central Bank increased its current policy rate by 0.50 per cent., from 1.25 to 1.75 per cent., and also flagged a potential further increase in September 2022. Norwegian banks have followed suit and recently increased interest rates on their floating loans.

If the relevant interest rates rise and/or borrowers suffer a decline in income (whether in absolute terms or relative to their expenses), in particular combined with continuously high inflation, this may cause difficulties for borrowers to meet their payment obligations on their loans, which may lead to increased disruptions in repayments of loans, as well as write-downs and losses for the Issuer, which in turn may adversely affect the Issuer's ability to perform its obligations under the Notes.

If the Issuer's borrowers default on secured loans, enforcement actions can be taken by the Issuer in order to realise the value of the collateral securing these loans. When the collateral is enforced, a court order may be needed to establish the borrower's obligation to pay (if disputed by the borrower) and to enable a sale by executive measures. If, in the context of an enforcement action, the Issuer is not able to obtain the relevant court decision or the relevant market in which the mortgage or other form of security is established substantially declines, there is a risk that the Issuer may not be able to recover the entire amount of the loan. Any failure to recover the full amount of the loans could jeopardise the Issuer's ability to perform its obligations under the Notes.

Commercial real estate

As of 30 June 2022 22.5 per cent and NOK 27.4 billion of the Issuer's total gross loans was related to commercial real estate (real estate development, building and construction industry and property management).

Increased disruptions in repayments of rent from commercial tenants will result in reduced revenue for the lessors, which in turn could result in disruptions in payment obligations under loans provided by the Issuer. Disruptions in repayments of loans, as well as write-downs and losses for the Issuer may in turn adversely affect the Issuer's business, results of operations and/or financial condition and consequently jeopardise the Issuer's ability to perform its obligations under the Notes. As of 30 June 2022, the Issuer's loans in stage 3¹ within the commercial real estate sector (real estate development, building and construction industry and property management) amounted to NOK 365 million, compared to NOK 520 million as of 30 June 2021.

Residential real estate

Low interest rates and a strong increase in disposable income for many borrowers in recent years have led to a continued growth in demand for loans in the residential mortgage market. High levels of indebtedness have increased the potential financial vulnerability of many mortgage borrowers as a large proportion of households are vulnerable to a decline in income. In particular, as the vast majority of residential mortgage loans have floating interest rates, the continuous increase of the general interest level coupled with high inflation will give rise to a decline in borrowers' income relative to their expenses, which in turn may cause borrowers to be unable to meet their payment obligations on their mortgage loans and ultimately result in difficulties for the Issuer to service the Notes.

A significant decline in the value of residential real estate could significantly reduce the value of the collateral for such loans. If accompanied by deterioration in market conditions and/or higher unemployment, which in turn could result in difficulties for the Issuer's customers in meeting their payment obligations, this could lead to increased disruptions in repayments of loans, as well as write-downs and losses for the Issuer, which in turn may jeopardise the Issuer's ability to perform its obligations under the Notes.

Counterparty defaults may lead to the Issuer being unable to satisfy its obligations under the Notes

The Issuer executes transactions with counterparties in the financial services industry, including brokers and dealers, commercial banks, investment banks, funds and other institutional and corporate clients. Many of these transactions expose the Issuer to the risk that the Issuer's counterparty defaults on its obligations prior to maturity when the Issuer has an outstanding claim against that counterparty. The counterparty risk may be exacerbated when the collateral held by the Issuer cannot be realised or is liquidated at prices insufficient to recover the full amount of counterparty exposure. Any such counterparty default may have an adverse effect on the Issuer's cash flows, business, financial position and results of operations, with potential adverse consequences on the Issuer's ability to fulfil its obligations under the Notes.

The Russian invasion of Ukraine and other geopolitical conflicts may adversely impact the markets and the Issuer's profitability and business opportunities

In February 2022, Russia invaded Ukraine starting a war which is still ongoing at the date of this Base Prospectus. In response to the invasion, the US, the EU and the UK (amongst others) have imposed sanctions on Russia, the Russian financial sector and certain Russian individuals, and further sanctions may be imposed in the event of a further escalation of or pro-longed hostilities in Ukraine. The considerable political uncertainty caused by the war in Ukraine, coupled with the imposed sanctions, have caused increased volatility in financial

¹ Stage 3 of the impairment model includes assets that have had a significant change in credit risk since initial recognition and where there is objective evidence of loss at the time of reporting.

markets, and have caused further price spikes and severe disruptions to energy markets. This may in turn have a material and adverse impact on the level of economic activity in Norway and may lead to a loss of income for many of the Issuer's borrowers.

At present, it is not possible to predict the length of the war, whether it will escalate or expand, or if additional economic sanctions or other measures will be imposed. Thus, it is difficult to predict the effects on the Norwegian economy and, accordingly, the Issuer's profitability and business opportunities. However, whilst the Issuer does not have any material direct exposure to Russia or Ukraine, there can be no assurance that such events or other geopolitical factors will not have a material adverse effect on the Issuer's business, financial condition and results of operations.

The Issuer's business is sensitive to volatility in interest rates and to changes in the competitive environment affecting spreads on its lending and deposits

A substantial part of the Issuer's liquidity and funding requirements are met through reliance on customer deposits. Changes in interest rate levels, yield curves and spreads may affect the Issuer's lending and deposit spreads. The Issuer is exposed to changes in the spread between the interest rates payable by it on deposits or its funding costs and the interest rates that it charges on loans to customers.

Although both the interest rates payable by the Issuer on deposits and the interest rates that it is able to charge on loans to customers are mainly floating rates, there is a risk that the Issuer will not be able to reprice its floating rate assets and liabilities at the same time, giving rise to repricing gaps in the short or medium term. As applicable interest rates on several deposits are close to zero, it may not be possible in the future to offset in full or in part a decrease in interest rates on loans to customers by a corresponding decrease in interest rates on deposits, and thus there is a risk that the Issuer may face increased funding costs.

The Issuer's business is subject to risks related to the competitive position of the Group. The Issuer faces competition in the Norwegian mortgage market and has experienced pressure on lending margins. The Group may face pricing pressure in certain areas of their operations in the future as competitors seek to increase market share by reducing prices or offering new services at low prices. Increasing use of the internet by customers searching for mortgage providers also affects customer loyalty. There can be no assurance that increased competition will not adversely affect the Group and the Issuer's future results of operations, financial condition and business prospects and its ability to perform its obligations under the Notes.

The current low interest rate environment puts pressure on the Issuer's deposit spreads. The Issuer may not be able to lower its funding costs, in line with decreases in interest rates on loans. Interest rates are sensitive to several factors that are outside the Issuer's control, including fiscal and monetary policies of governments and central banks, as well as domestic and international political conditions. During the first half of 2022, the Norwegian policy rate has gradually been increased and Norwegian banks has followed suit, and furthermore, at the date of this Base Prospectus the Issuer expects the Norwegian policy rate to be further and gradually increased throughout 2022. Increase in interest rates could reduce the demand for credit, as well as contribute to an increase in defaults by the Issuer's customers. Conversely, a reduction in the interest rates may adversely affect the Issuer through, among other things, a decrease in demand for deposits and increased competition in respect of deposit rates and interest rates on loans to customers, which in turn could adversely affect the Issuer's funding costs and the Issuer's ability to perform its obligations under the Notes.

The Issuer may not be able to obtain wholesale funding on commercially reasonable terms or at all

Due to changes in customer savings behaviour and relatively high credit demand, the Issuer is dependent on other sources of capital than deposits, such as wholesale funding, including issuance of long-term debt market instruments. The volume of these funding sources, in particular long-term funding, may be constrained during periods of liquidity stress. Turbulence in the global financial markets and economy may adversely affect the Issuer's liquidity and the willingness of certain counterparties and customers to do business with the Issuer.

The war in Ukraine has resulted in considerable political and geopolitical uncertainty. This instability and uncertainty, as well as financial sanctions which have been imposed on Russia, the Russian financial sector and certain Russian individuals, have caused increased volatility in financial markets and may result in reduced access to wholesale funding for the Issuer on commercially attractive terms or at all. This could in turn adversely affect the Issuer's ability to pay amounts due under the Notes.

The market turmoil caused by the global outbreak of the COVID-19 in 2020 meant that, for a period of time during 2020 it was more difficult for the Issuer to refinance its borrowings on commercial satisfactory terms. As the pandemic is still ongoing, there is a risk that this situation could arise again, or that similar situation could arise due to a different pandemic in the future. This could adversely impact the Issuer's ability to pay amounts due on the Notes.

Credit ratings affect the cost and other terms upon which the Issuer is able to obtain funding in the wholesale market. Any factors having a negative impact on the Issuer such as a downturn in the international or domestic financial markets, may affect the credit rating of the Issuer, the Programme and/or any outstanding Notes. A credit rating downgrade will not in itself have any impact on the Issuer's ability to perform its obligations under the Notes, but could, in each case, increase the Issuer's borrowing costs, adversely affect the liquidity position of the Issuer, limit the Issuer's access to the capital markets, undermine confidence in (and the competitive position of) the Issuer, and/or limit the range of counterparties willing to enter into transactions with the Issuer. Any of these events may lead to difficulties for the Issuer in obtain funding on commercially reasonable terms or at all.

The Group hedges its interest rate risk and currency risk through interests rate swaps and currency swaps entered into by the Issuer and Sparebanken Sør Boligkreditt AS

In order to hedge the Group's interest rate risk and currency risk, the Issuer and its wholly-owned subsidiary Sparebanken Sør Boligkreditt AS, enter into interest rate swaps and currency swaps. If a swap provider is no longer obliged to make payments under a swap and exercises its right to terminate a swap or defaults on its obligations to make payments under a swap, the Issuer or Sparebanken Sør Boligkreditt AS (as applicable) will be exposed to changes in interest and/or currency exchange rates (as applicable).

A well-functioning derivatives market is essential in order for the Issuer and Sparebanken Sør Boligkreditt AS to enter into interest rate swaps and currency swaps on commercially attractive terms or at all, and is essential for the financing of the Group especially related to the issuing of covered bonds in foreign currencies through Sparebanken Sør Boligkreditt AS. Any disruption in the market for interest rate swaps and currency swaps or Sparebanken Sør Boligkreditt AS and the Issuer's access thereto, could have a negative effect on the Group's ability to manage its interest rate risks and currency risks in an adequate fashion. Such a disruption could enhance the Group's refinancing risk if the Issuer or Sparebanken Sør Boligkreditt AS (as applicable) in such a scenario finds itself restricted from issuing Notes in currencies other than NOK and/or Notes with different interest profile from its other obligations.

The interest and currency swaps of Sparebanken Sør Boligkreditt AS have certain provisions related to rating requirement of the swap providers, implying that if the swap provider or its guarantor, as applicable, is downgraded and fails to comply with the requirements of the ratings downgrade provisions contained in the relevant swap agreement, such swap agreement may be terminated. In any such scenario, Sparebanken Sør Boligkreditt AS may encounter difficulties entering into a replacement interest rate and/or currency swap (as applicable) on commercially acceptable terms or at all, whereby the Group's refinancing risk will be enhanced.

Operational and compliance risks

The Issuer's business involves operational risks. Operational risks are defined by the Issuer as the risk of incurring losses, including damaged reputation, due to deficiencies or errors in internal processes and control routines or by external events that affect operations. The Issuer conducts its business subject to compliance risks (including the effects of changes in laws, regulations, policies and voluntary codes of practice in Norway and other markets where the Issuer operates). There is a risk that the Issuer's risk management strategies, policies and procedures are not sufficient, which may expose the Issuer to unanticipated or unidentified risks.

Further examples of relevant operational risks that the Issuer is exposed to are the following (but not limited to):

Settlement risk: For example, the possibility that the Issuer has already paid a counterparty or given irrevocable instruction to a transfer of cash or securities, but the corresponding delivery of cash or securities, or, as the case may be, return payment does not settle at the agreed time as a consequence of default or a failure in the relevant settlement system.

Liquidity risk relating to revolving mortgage loans: The Issuer owns a portfolio of mortgage loans which are structured as personal revolving credit facilities for the borrowers, who can draw down and repay amounts at will within a set overall credit limit determined on the same criteria as for standard repayment loans. If the Issuer experiences a large demand for drawdowns under such credit limits simultaneously, there is a risk that the Issuer may not have sufficient liquid resources to meet the demand.

The Issuer is increasingly dependent on information technology systems, which may fail, may not be adequate to the tasks at hand or may no longer be available

Banks and their activities are increasingly dependent on highly sophisticated information and communication technology ("ICT") systems, including a significant shift away from physical bank branches and towards greater reliance on internet websites and the development and use of new applications on smartphones. ICT systems are vulnerable to a number of problems, such as software or hardware malfunctions, malicious hacking, physical

damage to vital ICT centres and computer viruses. ICT systems need regular upgrading to meet the needs of changing business and regulatory requirements and to keep pace with possible expansion into new markets and the greater use, development and reliance on information and communication technology more broadly. The Issuer may not be able to implement necessary upgrades on a timely basis, and upgrades may fail to function as planned.

In addition to costs that may be incurred as a result of any failure of its ICT systems or technical issues associated with, as well as the general cost of, upgrading its ICT systems, there is a risk that the Issuer could face liability for losses due to ICT system failures. There is also a risk that the Issuer could face fines from bank regulators if its ICT systems fail to enable them to comply with applicable banking or reporting regulations, including data protection regulations.

The Issuer is reliant on its outsourcing contracts for the maintenance and operation of its ICT systems. Should these companies become unwilling or unable to fulfil its obligations under the relevant outsourcing contract, the Issuer's ICT systems may be adversely affected. In particular, the Issuer and its customers have been, and may in the future become, affected by network problems, which relate to third-party suppliers, and which have affected and might affect in the future certain of the Issuer's internet banking and cash machine functions, resulting in service interruptions. A major disruption to the Issuer's ICT systems, whether under the scenarios outlined above or under other scenarios, could have a material adverse effect on the normal operation of the Issuer's business and thus on its financial condition and the results of its operations.

Cybercrime

The Issuer's activities have been, and are expected to continue to be, subject to an increasing risk of ICT crime in the form of Trojan attacks and denial of service attacks, the nature of which is continuously evolving. Cybersecurity risks are foremost related to the Issuer's internet bank users and include the potential unauthorised access to privileged and sensitive customer information, including internet bank credentials as well as account and credit card information. The Issuer may experience security breaches or unexpected disruptions to its systems and services in the future, which could in turn, result in liabilities or losses to the Issuer, its customers and/or third parties and have an adverse effect on the Issuer's business, reputation and results of operations.

Risks related to non-compliance with rules on anti-bribery, anti-money laundering, anti-terrorist financing and economic sanctions

As a bank, the Issuer is subject to rules and regulations regarding anti-bribery, anti-money laundering, anti-terrorist financing and economic sanctions, such as the Norwegian Act of 1 June 2018 no. 23 relating to measures to combat money laundering and the financing of terrorism (No. *hvitvaskingsloven*). Monitoring compliance with existing and future anti-money laundering and anti-terrorism financing rules can put a significant financial burden on banks and other financial institutions and pose significant technical problems. Any violation of anti-money laundering rules, or even the suggestion of violations, may have severe legal and reputational consequences for the Issuer and could, as a result, have a material adverse effect on the Issuer's financial condition and results of operations.

RISKS RELATED TO THE STRUCTURE OF A PARTICULAR ISSUE OF NOTES

Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer

On 2 July 2014, Directive 2014/59/EU providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms (the **Bank Recovery and Resolution Directive** or **BRRD**) entered into force. BRRD has been implemented in Norway through amendments to Chapter 20 of the Act on Financial Institutions and Financial Groups of 10 April 2015 No. 17 (*Lov om finansforetak og finanskonsern av 10. april 2015 nr. 17 (finansforetaksloven)*) (the **Act**), which took effect on 1 January 2019. The implementing legislation grants authority to the NFSA to implement detailed requirements and supplementary regulations in its capacity as resolution authority.

The Issuer is a Norwegian bank and accordingly falls within the scope of the BRRD as implemented in Norway. The only bankruptcy, composition, insolvency or administrative procedures to which a bank such as the Issuer could be subject under the laws of Norway, are either resolution pursuant to the tools provided for under the BRRD, or winding up by way of public administration as further set out in Chapter 20 of the Act.

The BRRD is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing credit institution, investment firm, certain financial institutions and certain

holding companies (each, a **relevant entity**) so as to ensure the continuity of the relevant entity's critical financial and economic functions, while minimising the impact of a relevant entity's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) a relevant entity is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such relevant entity within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business - which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution - which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the relevant entity to meet its repayment obligations; (iii) asset separation – which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in - which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing relevant entity (which write-down may result in the reduction of such claims to zero) and to convert certain unsecured debt claims (including Notes) to equity or other instruments of ownership (the **general bail-in tool**), which equity or other instruments could also be subject to any future cancellation, transfer or dilution.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

A relevant entity will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

If the Issuer becomes subject to resolution as provided for in the BRRD, holders of Notes may be subject to the application of the general bail-in tool, which may result in such holders losing some or all of their investment. Such application could also involve modifications, including alteration of the principal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period, to or the disapplication of provisions in, the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes, as applicable. As a result, the exercise of any power under the BRRD as implemented in Norway or any suggestion of such exercise could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes.

Any application of the general bail-in tool under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings. Accordingly, the impact of such application on holders of Notes will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent any resulting treatment of holders of Notes pursuant to the exercise of the general bail-in tool is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder has a right to compensation under the BRRD based on an independent valuation of the firm (which is referred to as the "no creditor worse off safeguard" under the BRRD). However, any such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation as compared to when amounts may otherwise have been due under the Notes.

In addition to the general bail-in tool, the BRRD provides for resolution authorities to have the further power to permanently write down or convert into equity capital instruments (such as the Subordinated Notes) at the point of non-viability and before any other resolution action is taken (non-viability loss absorption). The Banking Reform Package (as defined below) extends the scope of non-viability of loss absorption powers to certain eligible liabilities. Any shares issued to holders of the Subordinated Notes upon any such conversion into equity may also be subject to any application of the general bail-in tool and/or other resolution powers as outlined above.

For the purposes of the application of any non-viability loss absorption measure, the point of non-viability under the BRRD is the point at which: (i) the relevant authority determines that the relevant entity meets the conditions for resolution (but no resolution action has yet been taken) or in the near future is expected to meet such conditions; or (ii) extraordinary public financial support is required by the relevant entity or its group other than for the purposes of remedying a serious disturbance in the economy of a Member State and to preserve financial stability; and (iii) the relevant authority determines that the relevant entity or its group will no longer be viable unless the relevant capital instruments (such as the Subordinated Notes) are written down or converted.

In addition to becoming subject to the general bail-in tool, holders of Subordinated Notes may accordingly be subject to write-down or conversion into equity as a result of the non-viability loss absorption rules, which may result in such holders losing some or all of their investment.

Under the BRRD, there is a requirement for EU financial institutions to hold certain minimum levels of own funds and other eligible liabilities (**MREL**) which would be available to be written down or bailed-in in order to facilitate the rescue or resolution of a failing bank. Such requirements came into effect (subject to transitional provisions) in the EU from 1 January 2016. Commission Delegated Regulation (EU) 2016/1450 of 23 May 2016 sets forth regulatory technical standards specifying the criteria relating to the methodology for setting the minimum requirement for own funds and eligible liabilities.

On 18 December 2021, the NFSA communicated the MREL requirement for the Issuer, being 32.0 per cent of the Issuer's adjusted risk weighted assets based on the Issuer's balance sheet as at 31 December 2020.

The MREL requirement determined by the NFSA must be met with MREL qualifying instruments, of which a certain percentage shall be subordinated liabilities. The subordination requirement shall be fulfilled entirely from 1 January 2024, and shall during the transitional period until 1 January 2024, as a minimum, be phased in linearly. On 6 August 2021, the Norwegian Ministry of Finance published a letter to the NFSA clarifying that the entire MREL requirement is not required to be met with subordinated liabilities, in accordance with the limit prescribed by Article 45b of the BRRD. The NFSA has confirmed that it applies and observes the interpretation of Article 45b of BRRD expressed by the Norwegian Ministry of Finance when setting MREL requirements for the Issuer from time to time. Accordingly, Senior Preferred Notes, which are otherwise MREL eligible under the BRRD and the Regulation (EU) 575/2013 (the Capital Requirements Directive, **CRR**) (as amended from time to time), are MREL qualifying instruments under Norwegian law and the requirements set by the NFSA from time to time. Thus, the Issuer expects Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes to be MREL eligible under the BRRD.

Noteholders should be aware that a broad range of debt instruments may be liable to bail-in and Noteholders may lose all or some of their investment in any Notes that are bailed-in.

The Issuer's obligations under Senior Non-Preferred Notes rank junior to the Issuer's other unsubordinated debt. An investor in Senior Non-Preferred Notes assumes an enhanced risk of loss in the event of the Issuer's insolvency.

The Issuer may issue Senior Non-Preferred Notes, which will constitute direct, unconditional and unsecured obligations of the Issuer. On a liquidation, dissolution or winding-up of the Issuer by way of public administration (referred to herein as a **winding-up of the Issuer**), all claims in respect of the Senior Non-Preferred Notes will rank *pari passu* without any preference among themselves, *pari passu* with claims in respect of Non-Preferred Parity Securities and Statutory Non-Preferred Claims, if any, in priority to claims in respect of Non-Preferred Junior Securities and junior to any present or future claims of Senior Creditors.

If, on a winding up of the Issuer, the assets of the Issuer are insufficient to enable the Issuer to repay the claims of the more senior-ranking creditors in full, the Noteholders will lose their entire investment in the Senior Non-Preferred Notes. If there are sufficient assets to enable the Issuer to pay the claims of senior-ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations in respect of the Senior Non-Preferred Notes and all other claims that rank *pari passu* with the Senior Non-Preferred Notes, Noteholders will lose some (which may be substantially all) of their investment in the Senior Non-Preferred Notes.

Although Senior Non-Preferred Notes may pay a higher rate of interest than Senior Preferred Notes or other liabilities of the Issuer which rank in priority to Senior Non-Preferred Notes, an investor in Senior Non-Preferred Notes may lose all or some of their investment should the Issuer become insolvent or should the Issuer

or the Notes become subject to the actions described in the risk factor entitled "Notes may be subject to loss absorption on any application of the general bail-in tool or at the point of non-viability of the Issuer" above.

The Issuer's obligations under Subordinated Notes are subordinated and investors in Subordinated Notes assumes an enhanced risk of loss in the event of the Issuer's insolvency

The Issuer's obligations under Subordinated Notes are unsecured and subordinated. Although Subordinated Notes may pay a higher rate of interest than comparable Notes which are not subordinated, there is, should the Issuer become insolvent, a significant risk that an investor in Subordinated Notes will lose all or some of their investment.

On a liquidation, dissolution or winding-up of the Issuer by way of public administration (referred to herein as a **winding-up of the Issuer**), all claims in respect of the Subordinated Notes will rank *pari passu* without any preference among themselves, *pari passu* with claims in respect of Subordinated Parity Securities, in priority to claims in respect of Subordinated Junior Securities and junior to any present or future claims of Specified Senior Creditors. If, on a winding-up of the Issuer, the assets of the Issuer are insufficient to enable the Issuer to repay the claims of the more senior-ranking creditors in full, the Noteholders will lose their entire investment in the Subordinated Notes. If there are sufficient assets to enable the Issuer to pay the claims of senior-ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations in respect of the Subordinated Notes and all other claims that rank *pari passu* with the Subordinated Notes, Noteholders will lose some (which may be substantially all) of their investment in the Subordinated Notes.

There is no restriction on the amount of securities or other liabilities that the Issuer may issue, incur or guarantee and which rank senior to, or *pari passu* with, the Subordinated Notes. The issue or guaranteeing of any such securities or the incurrence of any such other liabilities may reduce the amount (if any) recoverable by Noteholders during a winding-up of the Issuer and may limit the Issuer's ability to meet its obligations under the Subordinated Notes.

The qualification of the Senior Non-Preferred Notes and Senior Preferred Notes as "eligible liabilities" is subject to uncertainty

The Senior Non-Preferred Notes and Senior Preferred Notes are intended to be "eligible liabilities" which are available to meet any MREL Requirement (however called or defined by the Applicable MREL Regulations then applicable) of the Issuer (**MREL Eligible Liabilities**). However, if the Applicable MREL Regulation were to change after a series of Senior Non-Preferred Notes or Senior Preferred Notes were issued, the Issuer cannot provide any assurance that such Notes will be (or thereafter remain) MREL Eligible Liabilities. There is therefore a risk that a MREL Disqualification Event may occur.

Upon the occurrence of a MREL Disqualification Event, the Issuer may, at its option but subject to Condition 7.10 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(j) of the Terms and Conditions of the VPS Notes, as applicable, (if applicable), (i) where the applicable Final Terms specify Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, to be applicable, redeem all (but not some only) of such Series of Notes and (ii) where the applicable Final Terms specify Condition 7.12 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(l) of the Terms and Conditions of the VPS Notes, as applicable, if to be applicable, either substitute all (but not some only) of such Series of Notes for, or vary the terms of such Series of Notes so that they remain or, as appropriate, become Qualifying MREL Securities. See "*Senior Non-Preferred Notes and Senior Preferred Notes: MREL Disqualification Event Redemption*" and "*In certain circumstances, the Issuer can substitute or vary the terms of the Notes*" for a description of the risks related to an early redemption of Notes or the substitution or variation, as the case may be, of Notes.

There are limited events of default in relation to Senior Non-Preferred Notes and Senior Preferred Notes and no events of default in relation to Subordinated Notes

There are limited events of default in relation to Senior Non-Preferred Notes and Senior Preferred Notes, as described in Condition 10 of the Terms and Conditions of the Notes other than VPS Notes or in Condition 10 of the Terms and Conditions of the VPS Notes. Accordingly, the rights of the holders of such Notes are restricted by the limited events of default.

In the event that the Issuer fails to pay interest or principal when due on any Subordinated Note, the holders of such Notes shall not be entitled to bring proceedings against the Issuer for payment of such amounts.

There is no right of set-off or counterclaim in relation to the Notes

No holder of Notes or the relative Coupons who becomes, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, indebted to the Issuer shall be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of such Notes held by the relevant Noteholder or Couponholder, as the case may be.

Senior Non-Preferred Notes and Senior Preferred Notes: MREL Disqualification Event Redemption

Where the applicable Final Terms specify that Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a MREL Disqualification Event (as defined in the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance Condition 15 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 13 of the Terms and Conditions of the VPS Notes, as applicable, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7.5 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(e) of the Terms and Conditions of the VPS Notes, as applicable, redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

Subordinated Notes: Capital Event Redemption

Where the applicable Final Terms specify that Condition 7.4 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(d) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a Capital Event (as defined in the Terms and Conditions of the Notes other than the VPS Notes and the Terms and Conditions of the VPS Notes) occurs, the Issuer may, at its option, but subject to obtaining the prior written permission of the Relevant Regulator (if applicable), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 15 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 13 of the Terms and Conditions of the VPS Notes, as applicable, the Noteholders (which notice shall be irrevocable), as further provided in Condition 7.4 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(d) of the Terms and Conditions of the VPS Notes, as applicable, redeem all (but not some only) of the outstanding Notes comprising the relevant Series at the amount specified in the applicable Final Terms, together (if appropriate) with interest accrued to (but excluding) the date of redemption.

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of Subordinated Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in the Subordinated Notes, as the case may be.

Call options are, in certain circumstances, subject to the prior consent of the Relevant Regulator

In addition to the call rights described above under “*Subordinated Notes: Capital Event Redemption*”, Subordinated Notes may also contain provisions allowing the Issuer to call them after a minimum period of five years. To exercise such a call option, the Issuer must (if, and to the extent, then required by the Relevant Regulator) obtain the prior written permission of the Relevant Regulator.

Any early redemption by the Issuer of Senior Non-Preferred Notes or Senior Preferred Notes is also subject to the prior written permission of the Relevant Regulator (if, and to the extent, then required by the Relevant Regulator and by the Applicable MREL Regulations).

Holders of such Notes should not invest in such Notes in the expectation that such a call will be exercised by the Issuer. The exercise of a call is subject to the Issuer’s discretion, and in addition the Relevant Regulator must

agree to permit such a call, based upon its evaluation of the regulatory capital position of the Issuer and certain other factors at the relevant time. There can be no assurance that the Issuer will exercise its discretionary right to exercise the call and/or that the Relevant Regulator will permit such a call, if exercised. Holders of such Notes should be aware that they may be required to bear the financial risks of an investment in such Notes for a period of time in excess of the minimum period (if applicable).

During any period when the Issuer may, or is perceived to be able to, elect to redeem Notes, the market value of such Notes generally will not rise substantially above and may in fact decrease below the price at which they can be redeemed. This may also be true prior to any redemption period.

There can be no assurance that holders of such Notes will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investments in such Notes, as the case may be.

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Substitution and variation of Subordinated Notes, Senior Non-Preferred Notes and Senior Preferred Notes without Noteholder consent

In the case of Subordinated Notes only, where the applicable Final Terms specify that Condition 7.11 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(k) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a Capital Event has occurred or in order to ensure the effectiveness and enforceability of Condition 20 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 19 of the Terms and Conditions of the VPS Notes, as applicable, the Issuer may, subject to obtaining the prior written permission of the Relevant Regulator (if applicable), substitute all (but not some only) of the Subordinated Notes or vary the terms of all (but not some only) of the Subordinated Notes (including changing the governing law of Condition 20 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 19 of the Terms and Conditions of the VPS Notes from English law to Norwegian law), without the requirement for the consent or approval of the holders of the Subordinated Notes, so that they become or remain Qualifying Subordinated Securities.

In the case of Senior Preferred Notes and Senior Non-Preferred Notes only, where the applicable Final Terms specify that Condition 7.12 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 7(l) of the Terms and Conditions of the VPS Notes, as applicable, applies, if a MREL Disqualification Event has occurred or in order to ensure the effectiveness and enforceability of Condition 20 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 19 of the Terms and Conditions of the VPS Notes, as applicable, the Issuer may, subject to obtaining the prior written permission of the Relevant Regulator (if applicable), substitute all (but not some only) of the Senior Preferred Notes and Senior Non-Preferred Notes or vary the terms of all (but not some only) of the Senior Preferred Notes and Senior Non-Preferred Notes (including changing the governing law of Condition 20 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 19 of the Terms and Conditions of the VPS Notes from English law to Norwegian law), without the requirement for the consent or approval of the holders of the Senior Preferred Notes and Senior Non-Preferred Notes, so that they become or remain Qualifying MREL Securities.

The terms and conditions of such substituted or varied Notes may have terms and conditions that contain one or more provisions that are substantially different from the terms and conditions of the original Notes, provided that the relevant Notes remain or, as appropriate, become, Qualifying Subordinated Securities or Qualifying

MREL Securities, as the case may be, in accordance with the Terms and Conditions of the Notes other than the VPS Notes or the Terms and Conditions of the VPS Notes, as applicable.

While the Issuer cannot otherwise make changes to the terms of Notes that, in its reasonable opinion, are materially less favourable to the holders of the relevant Notes as a class, the governing law of Condition 20 of the Terms and Conditions of the Notes other than the VPS Notes or Condition 19 of the Terms and Conditions of the VPS Notes, as applicable, may be changed from English law to Norwegian law in order to ensure the effectiveness and enforceability. No assurance can be given as to whether any of these changes will negatively affect any particular holder. In addition, the tax and stamp duty consequences of holding such substituted or varied Notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding the Notes prior to such substitution or variation.

In respect of any Notes issued with a specific use of proceeds, such as a “Sustainability Senior Bond”, there can be no assurance that such use of proceeds will be suitable for the investment criteria of an investor

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer’s intention to apply the proceeds from an offer of those Notes specifically for Sustainability Loans (as defined in “*Use of Proceeds*” below) that promote climate-friendly and/or other environmental or social purposes and Notes issued thereunder to be referred to as **Sustainability Senior Bonds**. Prospective investors should have regard to the information set out in this Base Prospectus and/or the applicable Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Sustainability Senior Bonds together with any other investigation such investor deems necessary. In particular no assurance is given by the Issuer or the Dealers that the use of such proceeds for any Sustainability Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates (in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, the relevant Sustainability Loans). Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a “green” or “sustainable” or an equivalently-labelled loan or as to what precise attributes are required for a particular loan to be defined as “green” or “sustainable” or such other equivalent label nor can any assurance be given that such a clear definition or consensus will develop over time. A basis for the determination of such a definition has been established in the EU with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the **Sustainable Finance Taxonomy Regulation**) on the establishment of a framework to facilitate sustainable investment (the **EU Sustainable Finance Taxonomy**). The EU Sustainable Finance Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the Sustainable Finance Taxonomy Regulation. Even if such definition or market consensus should develop or be established, no assurance can be given that any Sustainability Loans or Sustainability Senior Bonds will meet such definition or consensus requirements. Accordingly, no assurance is or can be given to investors that any Sustainability Loans or Sustainability Senior Bonds will meet any or all investor expectations regarding such “green”, “sustainable” or other equivalently-labelled performance objectives, nor that they comply with the criteria of any taxonomies, common standards or other framework relating to green investments.

The Sparebanken Sør Group has published a framework relating to, among other things, an investment in Sustainability Loans or the issuance of Sustainability Senior Bonds which is available on the Issuer’s website (<https://www.sor.no/felles/om-sparebanken-sor/about/investor-relations/green-and-sustainability-bond-framework/>) and which may be amended or updated from time to time (the **Green & Sustainability Bond Framework**). Compliance with the Green & Sustainability Bond Framework is monitored by the Green and Sustainability Bond Committee, which comprises the CEO, the Co-Director and Head of Corporate Market, the Director of Retail Market, the Chief of Staff, the Head of Treasury and the Finance Manager of the Issuer, and the CEO of Sparebanken Sør Boligkreditt AS. The Green & Sustainability Bond Framework may be amended from time to time by the Green and Sustainability Bond Committee. The most recent version of the Green & Sustainability Bond Framework will be available on the Issuer’s website. For the avoidance of doubt, the Green & Sustainability Bond Framework is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may or may not be made

available in connection with the issue of any Sustainability Senior Bonds and in particular with any Sustainability Loans to fulfil any environmental, sustainability, social and/or other criteria. For the avoidance of doubt, any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Sustainability Senior Bonds. Any such opinion or certification is only current as of the date that opinion was issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in such Sustainability Senior Bonds. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight.

In the event that any such Sustainability Senior Bonds are included, listed or admitted to trading on any dedicated “green”, “environmental”, “sustainable” or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Dealers or any other person that such listing or admission satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Sustainability Loans. Furthermore, it should be noted that the criteria for any such listings or admission to trading may vary from one stock exchange or securities market to another. Nor is any representation or assurance given or made by the Issuer, the Dealers or any other person that any such listing or admission to trading will be obtained in respect of any such Sustainability Senior Bonds or, if obtained, that any such listing or admission to trading will be maintained during the life of the Sustainability Senior Bonds.

It is the intention of the Issuer to apply an amount equal to the net proceeds of any Sustainability Senior Bonds in, or substantially in, the manner described in the Issuer’s Green & Sustainability Bond Framework, this Base Prospectus and/or the applicable Final Terms. However, whilst (in line with the Issuer’s Green & Sustainability Bond Framework) the Issuer aims to ensure timely allocation of an amount equal to the net proceeds of any issue of Sustainability Senior Bonds to Sustainability Loans, there can be no assurance that the relevant loan(s) or use(s) which are the subject of, or related to, any Sustainability Loans will be capable of being implemented in or substantially in such manner and/or in accordance with any timing schedule and that accordingly such proceeds will be totally disbursed for the specified Sustainability Loans. Nor can there be any assurance that such Sustainability Loans will be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer. While any Sustainability Senior Bond net proceeds remain unallocated, the Issuer will hold and/or invest the balance of net proceeds not yet allocated to eligible loans, at its own discretion, in its liquidity portfolio in money market instruments. None of the Dealers will verify or monitor the application of the proceeds of any such Sustainability Senior Bonds issued under the Programme.

Any such event or failure to apply the proceeds of any issue of Sustainability Senior Bonds for any Sustainability Loans as aforesaid will not constitute an event of default, or, as the case may be, enforcement event under the relevant Sustainability Senior Bonds. The withdrawal of any opinion or certification as described above, or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on, and/or any such Sustainability Senior Bonds no longer being listed or admitted to trading on any stock exchange or securities market as aforesaid may have a material adverse effect on the value of such Sustainability Senior Bonds and also potentially the value of any other Sustainability Senior Bonds which are intended to finance Sustainability Loans and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. In addition, as noted above, the Issuer’s Sustainability Senior Bonds may not meet any future definition (legal, regulatory or otherwise) of, or market consensus as to what constitutes, a “green” or “sustainable” or an equivalently-labelled asset, should such definition or consensus materialise.

Investors should refer to the Issuer’s website and the Issuer’s Green & Sustainability Bond Framework (as further described in “*Use of Proceeds*” below) for further information.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes where the change of interest basis results in a lower interest return for Noteholders. Where the relevant Notes convert from a fixed rate to a floating rate, the spread on the relevant Fixed/Floating Rate Notes may be less favourable than then

prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the relevant Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on the relevant Notes and could affect the market value of an investment in the relevant Notes.

Reset Notes

Reset Notes will initially earn interest at the Initial Rate of Interest to (but excluding) the First Reset Date. On and from the First Reset Date, the interest rate will be reset to the First Reset Rate of Interest (being the sum of the relevant Reset Reference Rate and the First Reset Margin, in each case, as specified in the applicable Final Terms) and on and from each Subsequent Reset Date (if any) thereafter, the interest rate will be reset to the Subsequent Reset Rate of Interest (being the sum of the relevant Reset Reference Rate and the relevant Subsequent Reset Margin, in each case, as specified in the applicable Final Terms), in each case as determined by the Calculation Agent on the relevant Reset Determination Date. The First Reset Rate of Interest and any Subsequent Reset Rate for any Reset Period could be less than Initial Rate of Interest, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest for prior Reset Periods, as applicable, and could affect the market value of an investment in the Reset Notes.

VPS Notes cannot be issued as Reset Notes.

RISKS RELATED TO NOTES GENERALLY

Meetings of the Noteholders, Modification and Waivers

The Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing or through the use of electronic consents. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution or give their consent electronically, and including those Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes other than VPS Notes also provide that the Issuer and the Agent may, without the consent of holders of Notes other than VPS Notes, agree to any modification of the Notes other than VPS Notes, the Coupons or the Agency Agreement which is, in the opinion of the Issuer, of a formal, minor or technical nature or is, in the opinion of the Issuer, made to correct a manifest or proven error or to comply with mandatory provisions of the law. Any such modification shall be binding on the holders of Notes other than VPS Notes and the Couponholders as described in Condition 12 of the Terms and Conditions of the Notes other than VPS Notes.

The VPS Trustee Agreement provides that the Issuer and the VPS Trustee may agree to amend the VPS Trustee Agreement or the VPS Conditions without prior approval of the affected VPS Noteholders provided that (i) such amendment is not detrimental to the rights and benefits of the affected VPS Noteholders in any material respect, or is made solely for the purpose of rectifying obvious errors and mistakes, or (ii) such amendment or waiver is required by applicable law, court ruling or a decision by a relevant authority.

The VPS Trustee shall as soon as possible notify the VPS Noteholders of any proposal to make such amendments, setting out the date from which the amendment will be effective, unless such notice obviously is unnecessary.

Depending on the nature of the relevant modification or amendment, any such modification or amendment could impact the market value of the Notes.

Notes where denominations involve integral multiples: definitive Notes

In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

RISKS RELATING TO THE LEGAL AND REGULATORY ENVIRONMENTS OF THE ISSUER AND THE NOTES

Capital adequacy and liquidity requirements

At the international level, a number of regulatory and supervisory initiatives have been implemented in recent years in order to increase capital requirements, increase the quantity and quality of capital and raise liquidity levels in the banking sector. Among such initiatives are a number of specific measures proposed by the Basel Committee on Banking Supervision (the **Basel Committee**) and implemented by the EU through CRD IV (as defined below).

In 2013, the EU adopted a legislative package to strengthen the regulations of the banking sector and to implement the Basel III agreement into the EU legal framework, which resulted in increased capital requirements. The package included Directive 2013/36/EU (the Capital Requirements Directive, **CRD IV**) and the CRR. CRD IV and CRR were implemented into Norwegian law 31 December 2019.

The capital adequacy requirements for banks consist of two pillars. Pillar 1 encompasses minimum capital requirements determined by the political authorities. As per the provisions of the Financial Institutions Act, banks must hold capital at least equal to 8 per cent. of their risk-weighted assets (**RWAs**), within which at least 4.5 per cent. must be common equity tier 1 capital and at least 6 per cent. must be tier 1 capital.

In addition, the Financial Institutions Act and the Regulation on CRR/CRD IV (No.: *CRR/CRD IV-forskriften*) impose various capital buffer requirements which must be met by Norwegian financial institutions, all consisting of common equity tier 1. As of the date of this Base Prospectus, the capital requirements consist of (i) a conservation buffer of 2.5 per cent. of RWAs, (ii) a systemic risk buffer of 4.5 per cent. of RWAs and (iii) a counter-cyclical buffer of 1.5 per cent. of RWAs which as of 31 December 2022 increases to 2.0 per cent. of RWAs and as of 31 March 2023 increases to 2.5 per cent. of RWAs.

Accordingly, as of the date of this Base Prospectus, the minimum common equity requirement for the Issuer, including the buffer requirements, is 13 per cent. of RWAs.

Under CRD IV, each EU Member State is responsible for setting a counter-cyclical buffer rate applicable to exposures in its own jurisdiction. The relevant authorities in the other EU Member States are required to apply such rate to the exposures in that jurisdiction of the banks which they regulate (with discretion whether to recognise a rate higher than 2.5 per cent. of RWAs). The counter-cyclical buffer rate applicable to a particular bank will be the weighted average of the counter-cyclical buffer rates in those jurisdictions where such bank has exposures from time to time (with the bank's home relevant authority determining the applicable counter-cyclical buffer rate for exposures in jurisdictions outside the EU or in any EU jurisdiction where the relevant authority has not set a counter-cyclical buffer rate).

The level of the counter-cyclical buffer will be re-assessed by the Ministry of Finance and the relevant authorities in each other Member State each quarter and may result in an increase or a decrease in the rate. A decision to increase the requirement may normally enter into force no earlier than 12 months following such decision.

CRD IV permits regulators to require the banks which they regulate to hold additional capital, often referred to as "Pillar 2" capital requirements. The NFSAs's Pillar 2 requirements are in addition to the Pillar 1 requirements and are expected to reflect institution-specific capital requirements relating to risks which are not covered or only partly covered by Pillar 1. The Pillar 2 requirement is the supervisory authority's assessment of many factors at a given point in time and may be revised upwards or downwards on an ongoing basis to address the specific risk profile of the institution being regulated. The current Pillar 2 requirement for the Issuer is 1.7 per cent.

The Basel III framework also provided for capital requirements based on total (i.e., non-risk weighted) assets, referred to as leverage ratio requirements. Currently, the Issuer is obliged to hold a leverage ratio of 3 per cent.

In December 2017, the Basel Committee adopted changes to several parts of the Basel III standards for capital adequacy assessments, aiming, among other things, to ensure greater consistency between banks' reported capital adequacy figures and capital requirements (such changes being commonly referred to as **Basel IV**). Basel IV include adjustments to the standardised approach and the internal ratings-based approach, as well as the introduction of a new capital floor. The new capital floor requirement will reduce differences in risk weights and result in more harmonised capital requirements across national borders. Basel IV were planned to take effect 1 January 2022, with a five-year phase-in period. In response to the COVID-19 pandemic, the deadline was postponed by one year to 1 January 2023, with a five-year phasing-in period. On 27 October 2021, the European Commission proposed to implement Basel IV with effect of 1 January 2025 with transitional arrangements

applying over a further five-year period. As the implementation of Basel IV requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of covered bonds (e.g. as LCR eligible assets or not), may be subject to some level of national variation.

In order to ensure compliance with an ever-changing regulatory landscape, the Issuer may need to increase its capital ratios in the future by reducing its lending or investment in other operations or raising additional capital. Such capital, whether in the form of debt financing, hybrid capital or additional equity, may not be available on attractive terms or at all. In addition, it is difficult to predict what regulatory requirements relating to capital may be imposed in the future or accurately estimate the impact that any currently proposed regulatory changes may have on the business, the products and services offered by the Issuer and the values of its assets. For example, if any entity of the Issuer is required to make additional provisions, increase its reserves or capital, or exit or change its approach to certain businesses as a result of the initiatives to strengthen the regulation of credit institutions, this could materially adversely affect the Issuer's results of operations or financial condition.

The Basel framework also aimed to raise liquidity levels in the banking sector. CRD IV includes requirements relating to the liquidity coverage ratio (the **LCR**). The Norwegian Ministry of Finance has introduced a LCR requirement of 100 per cent. for each significant currency. Due to the limited size of the domestic capital market, the minimum requirement for LCR in NOK is set at 50 per cent. for banks that have U.S.\$ and/or euro as other significant currencies. The lack of NOK LCR should be fulfilled by either U.S.\$ or euro. The LCR requirement for euro and U.S.\$ is, thus, in practice, 100 per cent. plus the lack of NOK LCR. As a result and to ensure compliance with changes in these rules, the Issuer may need to hold additional liquid assets, which may have an adverse effect on its results of operations or financial condition.

A net stable funding ratio (**NFSR**) has also been proposed with the Basel III framework. The funding seeks to calculate the proportion of long-term assets which are funded by long-term stable funding. Regulation (EU) 2019/876 amending the CRR (**CRR II**), amongst other, introduced minimum standards for net stable funding requirement. The CRR II have been implemented into Norwegian law and took effect 1 June 2022.

On 23 November 2016, the European Commission published legislative proposals for amendments to the CRD IV, the CRR and the BRRD and proposed an amending directive to facilitate the creation of a new asset class of "non-preferred" senior debt (the **Banking Reform Package**). The Banking Reform Package covered multiple areas, including the Pillar 2 framework, the leverage ratio, the mandatory restrictions on distributions, the permission for reducing own funds and eligible liabilities, the macroprudential tools, a new category of "non-preferred" senior debt, the MREL (as defined above) framework and the integration of the Financial Stability Board's proposed minimum total loss-absorbing capacity into EU legislation. The various directives and regulations intended to implement the Banking Reform Package were published in the Official Journal of the European Union on 7 June 2019 and entered into force in the European Union on 27 June 2019.

On 9 April 2021, the Norwegian Ministry of Finance submitted a legislative proposal to Parliament for the implementation of the amendments to the CRR, the CRD IV and the BRRD (respectively, CRR II, CRD V and BRRD II) into Norwegian law. The legislative proposal was adopted by the Norwegian Parliament on 18 June 2021 and entered into force 1 June 2022.

The new category of "non-preferred" senior debt mentioned above is included in the Banking Reform Package by virtue of a draft amending directive facilitating the creation of such new asset class of "non-preferred" senior debt which was published in final form on 12 December 2017 (the **Creditor Hierarchy Directive**). A legislative proposal transposing the Creditor Hierarchy Directive into Norwegian law through amendments of the Financial Institutions Act was adopted by the Norwegian Parliament on 23 April 2021 and entered into force on 1 July 2021.

There are risks that certain "benchmark" rates may be administered differently or discontinued in the future, which may adversely affect the trading market for, value of and return on, Notes based on such "benchmarks"

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR, STIBOR, NIBOR, SIBOR, TIBOR, HIBOR and the Bank of England Base Rate), are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a "benchmark".

The EU Benchmarks Regulation applies, subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be

subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of “benchmarks” of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

Regulation (EU) 2016/1011 as it forms part of UK domestic law by virtue of the EUWA (the **UK Benchmarks Regulation**) among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non-UK based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, could have a material impact on any Notes linked to or referencing a “benchmark”, in particular, if the methodology or other terms of the “benchmark” are changed in order to comply with the requirements of the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant “benchmark”.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of “benchmarks”, could increase the costs and risks of administering or otherwise participating in the setting of a “benchmark” and complying with any such regulations or requirements. Such factors may have the following effects on certain “benchmarks”: (i) discourage market participants from continuing to administer or contribute to the “benchmark”; (ii) trigger changes in the rules or methodologies used in the “benchmark” or (iii) lead to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to or referencing a “benchmark”.

The euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system. On 11 May 2021, the euro risk-free rate working group published its recommendations on EURIBOR fallback trigger events and fallback rates in order to support market participants in developing contractual fallback provisions for a scenario in which EURIBOR may permanently cease to exist.

Also, in 2019, a Norwegian working group on alternative reference rates in NOK started its work with exploring an alternative reference rate and consequences of a discontinuation of NIBOR. In 2019, it recommended a modified NOWA as the alternative reference rate for NIBOR, which from 1 January 2020 has been administered by the Norwegian Central Bank (*Nw. Norges Bank*). The working group continued its work through 2020 by establishing two subgroups comprising a group for market standards and fallback provisions and a group for exploring the establishment of an Overnight Index Swap (**OIS**) market in NOK. On 28 September 2020, the working group published a consultation paper on fall back provisions and term and spread adjustments between NIBOR and NOWA upon a discontinuation of NIBOR. The consultation paper was updated by the working group in November 2021. Subsequently, in December 2021, the working group published guidelines on the use of NOWA in financial contracts and as a fallback solution. Since 29 April 2021, the Norwegian Central Bank has been publishing a NOWA compounded index and compounded NOWA averages to further support the use of NOWA as a reference rate for financial products.

Investors should be aware that the Terms and Conditions of the Notes other than VPS Notes and the Terms and Conditions of the VPS Notes, as the case may be, provide for certain fallback arrangements for the purpose of determining the relevant rate of interest (or, as applicable, any component part thereof) applicable to an issue of Floating Rate Notes or Reset Notes.

In relation to (i) Notes that are Reset Notes and where Mid-Swap Rate is specified as the manner in which the rate of interest is to be determined in the applicable Final Terms and (ii) Notes that are Floating Rate Notes and where Screen Rate Determination is specified as the manner in which the rate of interest is to be determined in the applicable Final Terms (any such Notes as described in (i) and (ii) above being **Relevant Notes**), if Reference Rate Replacement is specified in the applicable Final Terms as being applicable, such fallback arrangements will include the possibility that, upon the Issuer determining that a Benchmark Event has occurred, the relevant rate of interest (or, as applicable, component part thereof) could be set or, as the case may be, determined by the Issuer (having consulted with an Independent Adviser) by reference to a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread, in

any such case, acting in good faith and in a commercially reasonable manner (as described more fully in the Terms and Conditions of the Relevant Notes).

An Adjustment Spread is either (a) the spread (which may be positive, negative or zero) or (b) the formula or methodology for calculating a spread, in each to be applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be), and is the spread, formula or methodology which:

- (i) in the case of a Successor Reference Rate, is formally recommended in relation to the replacement of the relevant Original Reference Rate with such Successor Reference Rate by any Relevant Nominating Body (which may include a relevant central bank, supervisory authority or group of central banks/supervisory authorities), or (if no such recommendation has been made, or in the case of an Alternative Reference Rate);
- (ii) the Issuer, following consultation with the Independent Adviser, determines is customarily applied to the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the relevant Original Reference Rate; or (if the Issuer determines that no such spread is customarily applied);
- (iii) in the case of an Alternative Reference Rate, is in customary market usage in the international debt capital markets for transactions which reference the relevant Original Reference Rate, where such rate has been replaced by such Alternative Reference Rate; or
- (iv) the Issuer, following consultation with the Independent Adviser, determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the relevant Original Reference Rate, where such rate has been replaced by the relevant Successor Reference Rate or the relevant Alternative Reference Rate (as the case may be); or
- (v) the Issuer determines that no such industry standard is recognised or acknowledged, the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner, determines to be appropriate, having regard to the objective of reducing or eliminating, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to the Noteholders.

The application of an Adjustment Spread may result in the Relevant Notes performing differently (which may include payment of a lower interest rate) than they would do if the relevant Original Reference Rate were to continue to apply in its current form. In addition, the application of an Adjustment Spread could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such Adjustment Spread will be favourable to each Noteholder.

In addition, the Issuer may also determine (acting in good faith and in a commercially reasonable manner and in consultation with the Independent Adviser) that other amendments to the Terms and Conditions of the Relevant Notes are necessary in order to follow market practice in relation to the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and to ensure the proper operation of the relevant Successor Reference Rate or Alternative Reference Rate (as applicable).

No consent of the Noteholders shall be required in connection with effecting any relevant Successor Reference Rate or Alternative Reference Rate (as applicable) or any other related adjustments and/or amendments described above.

In certain circumstances, the ultimate fallback of interest for a particular Interest Period or Reset Period, as applicable, may result in the rate of interest for the last preceding Interest Period or Reset Period, as applicable being used. This may result in the effective application of a fixed rate for Floating Rate Notes or Reset Notes based on the rate which was last observed on the Relevant Screen Page. In addition, in the case of Relevant Notes, due to the uncertainty concerning the availability of Successor Reference Rates and Alternative Reference Rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time.

Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes or Reset Notes linked to or referencing, or otherwise dependent (in whole or in part) upon, a “benchmark”.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the EU Benchmarks Regulation and/or the UK Benchmarks Regulation, as applicable, or any of the

international or national reforms in making any investment decision with respect to any Floating Rate Notes or Reset Notes linked to or referencing a “benchmark”.

In addition, potential investors should note that:

- (a) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made if, and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as (i) in the case of Senior Non-Preferred Notes, MREL Eligible Liabilities; or (ii) in the case of Subordinated Notes, Tier 2 Capital; and
- (b) in the case of Senior Preferred Notes and Senior Non-Preferred Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made if, and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

In all such circumstances, the ultimate fallback for determining the rate of interest (which is described above) will apply.

Form of the Notes

The Notes of each Series will be in either bearer form, with or without interest coupons and/or talons attached or, in the case of VPS Notes, uncertificated and dematerialised book entry form.

NOTES (OTHER THAN VPS NOTES)

Each Tranche of Notes other than VPS Notes will be in bearer form and will initially be issued in the form of a temporary global note (a **Temporary Global Note**) or, if so specified in the applicable Final Terms, a permanent global note (a **Permanent Global Note**) and, together with a Temporary Global Note, each a **Global Note**) which, in either case, will:

- (i) if the Global Notes are intended to be issued in new global note (NGN) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking S.A. (**Clearstream, Luxembourg**); and
- (ii) if the Global Notes are not intended to be issued in NGN Form, be delivered on or prior to the original issue date of the Tranche to a common depository (the **Common Depository**) for Euroclear and Clearstream, Luxembourg or any other agreed clearing system.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Global Note of the same Series or (b) definitive Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given. The holder of a Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in a Permanent Global Note or for definitive Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon either (a) not less than 60 days' written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) to the Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in Condition 10 in relation to Senior Preferred Notes and Senior Non-Preferred Notes) has occurred or is continuing and/or, (in the case of Subordinated Notes, Senior Preferred Notes and Senior Non-Preferred Notes) a payment default has occurred and is continuing with respect to such Notes, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the

Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 15 of the Terms and Conditions of the Notes other than VPS Notes and Condition 13 of the Terms and Conditions of the VPS Notes if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and, in the event of the occurrence of an Exchange Event as described in (ii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

The exchange upon notice or the exchange at any time upon an Exchange Event should not be expressed to be applicable if the Notes are issued in denominations comprising a minimum Specified Denomination (such as €100,000 (or its equivalent in another currency)) plus one or more higher integral multiples of another smaller amount (such as €1,000 (or its equivalent in another currency)). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for definitive Notes.

The following legend will appear on all Notes (other than Temporary Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Any Senior Preferred Note or Senior Non-Preferred Note may be accelerated by the holder thereof in certain circumstances described in Condition 10 of the Terms and Conditions of the Notes other than VPS Notes, as applicable. In such circumstances, where any Note is still represented by a Global Note and the Global Note (or any part thereof) has become due and repayable in accordance with the Terms and Conditions of such Notes and payment in full of the amount due has not been made in accordance with the provisions of the Global Note then the Global Note will become void at 8.00 p.m. (London time) on such day. At the same time, holders of interests in such Global Note credited to their accounts with Euroclear and/or Clearstream, Luxembourg, as the case may be, will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and/or Clearstream, Luxembourg on and subject to the terms of a deed of covenant (the **Deed of Covenant**) dated 23 September 2022 and executed by the Issuer.

Pursuant to the Agency Agreement (as defined in “*Terms and Conditions of the Notes other than VPS Notes*”), the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

VPS NOTES

Each Tranche of VPS Notes will be issued in uncertificated and dematerialised book entry form. Legal title to the VPS Notes will be evidenced by book entries in the records of Euronext VPS. On the issue of such VPS Notes, the Issuer will send a letter to the VPS Trustee, with copies sent to the VPS Agent (the **VPS Letter**), which letter will set out the terms of the relevant issue of VPS Notes in the form of the Final Terms attached thereto. On delivery of a copy of such VPS Letter including the applicable Final Terms to Euronext VPS and notification to Euronext VPS of the subscribers and their Euronext VPS account details by the relevant Dealer, the VPS Agent will credit each subscribing account holder with Euronext VPS with a nominal amount of VPS Notes equal to the nominal amount thereof for which it has subscribed and paid.

Settlement of sale and purchase transactions in respect of VPS Notes in Euronext VPS will take place two Oslo business days after the date of the relevant transaction. Transfers of interests in the relevant VPS Notes will only take place in accordance with the rules and procedures of Euronext VPS from time to time.

VPS Notes may not be exchanged for bearer Notes and *vice versa*.

GENERAL

Any reference herein to Euroclear and/or Clearstream, Luxembourg and/or Euronext VPS shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

The Issuer may agree with any Dealer that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a supplement to the Base Prospectus or a new Base Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Global Note and definitive Note. Reference should be made to “Form of the Notes” for a description of the content of Final Terms which will specify which of such terms are to apply in relation to the relevant Notes.

This Note is one of a Series (as defined below) of Notes issued by Sparebanken Sør (the **Issuer**) pursuant to the Agency Agreement (as defined below).

References herein to the **Notes** shall be references to the Notes of this Series and shall mean:

- (a) in relation to any Notes represented by a global Note (a **Global Note**), units of each Specified Denomination in the Specified Currency;
- (b) any Global Note; and
- (c) any definitive Notes issued in exchange for a Global Note.

The Notes and the Coupons (as defined below) have the benefit of an amended and restated Agency Agreement (such Agency Agreement as amended and/or supplemented and/or restated from time to time, the **Agency Agreement**) dated 23 September 2022 and made between the Issuer, and Deutsche Bank AG, London Branch as issuing and principal paying agent and agent bank (the **Agent**, which expression shall include any successor agent) and any other paying agents named therein (together with the Agent, the **Paying Agents**, which expression shall include any additional or successor paying agents).

The final terms for this Note (or the relevant provisions thereof) are set out in Part A of the Final Terms attached to or endorsed on this Note which complete these Terms and Conditions (the **Conditions**). References to the **applicable Final Terms** are, unless otherwise stated, to Part A of the Final Terms (or the relevant provisions thereof) attached to or endorsed on this Note.

Interest bearing definitive Notes have interest coupons (**Coupons**) and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons (**Talons**) attached on issue. Any reference herein to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons. Global Notes do not have Coupons or Talons attached on issue.

Any reference to **Noteholders** or **holders** in relation to any Notes shall mean the holders of Notes and shall, in relation to any Notes represented by a Global Note, be construed as provided below. Any reference herein to **Couponholders** shall mean the holders of the Coupons and shall, unless the context otherwise requires, include the holders of the Talons.

As used herein, **Tranche** means Notes which are identical in all respects (including as to listing and admission to trading) and **Series** means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (a) expressed to be consolidated and form a single series and (b) identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

The Noteholders and the Couponholders are entitled to the benefit of the Deed of Covenant (such Deed of Covenant as modified and/or supplemented and/or restated from time to time, the **Deed of Covenant**) dated 23 September 2022 and made by the Issuer. The original of the Deed of Covenant is held by the common depositary for Euroclear (as defined below) and Clearstream, Luxembourg (as defined below).

Copies of the Agency Agreement and the Deed of Covenant are available for inspection during normal business hours at the specified office of each of the Paying Agents. If the Notes are to be admitted to trading on the Regulated Market of the Irish Stock Exchange plc trading as Euronext Dublin (**Euronext Dublin**), the applicable Final Terms will be published on the website of Euronext Dublin at <https://live.euronext.com/>. If the Notes are to be admitted to trading on any other regulated market in the European Economic Area, the applicable Final Terms will be published in accordance with the rules and regulations of the relevant listing authority or stock exchange and otherwise in accordance with the Prospectus Regulation. When used in the Conditions, **Prospectus Regulation** means Regulation (EU) 2017/1129. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency

Agreement, the Deed of Covenant and the applicable Final Terms which are applicable to them. The statements in the Conditions include summaries of, and are subject to, the detailed provisions of the Agency Agreement.

Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the applicable Final Terms, the applicable Final Terms will prevail.

1. FORM, DENOMINATION AND TITLE

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the **Specified Currency**) and the denomination(s) (the **Specified Denomination(s)**) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

This Note may be a Fixed Rate Note, a Floating Rate Note, a Reset Note, a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

This Note may be a Senior Preferred Note, a Senior Non-Preferred Note or a Subordinated Note, depending upon the Status of the Notes shown in the applicable Final Terms.

Definitive Notes are issued with Coupons attached, unless they are Zero Coupon Notes in which case references to Coupons and Couponholders in the Conditions are not applicable.

Subject as set out below, title to the Notes and Coupons will pass by delivery. The Issuer and the Paying Agents will (except as otherwise required by law) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any Global Note, without prejudice to the provisions set out in the next succeeding paragraph.

For so long as any of the Notes is represented by a Global Note held on behalf of Euroclear Bank SA/NV (**Euroclear**) and/or Clearstream Banking S.A. (**Clearstream, Luxembourg**), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated by the Issuer and any Paying Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions **Noteholder** and **holder of Notes** and related expressions shall be construed accordingly.

Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg, as the case may be. References to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

The Notes and the relative Coupons are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* among themselves and (save for certain debts required to be preferred by law) at least equally with all other unsecured obligations of the Issuer, present and future, from time to time outstanding. So long as any of the Notes remains outstanding (as defined in the Agency Agreement), the Issuer undertakes to ensure that the obligations of the Issuer under the Notes rank and will rank at least *pari passu* with all other unsecured and unsubordinated obligations of the Issuer and with all its unsecured and unsubordinated obligations under guarantees of obligations of third parties, in each case except for any obligations preferred by mandatory provisions of applicable law.

2.2 **No right of set-off or counterclaim**

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

3. **STATUS OF THE SENIOR NON-PREFERRED NOTES**

This Condition 3 applies only to Senior Non-Preferred Notes and references to “Notes” and “Noteholders” in this Condition 3 shall be construed accordingly.

3.1 The Notes constitute direct, unconditional and unsecured obligations of the Issuer, and will at all times rank *pari passu* without any preference among themselves.

3.2 Subject as set out in Condition 3.3 below, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the holders of the Notes and do not provide that the Notes thereby become redeemable or repayable), claims of the Noteholders against the Issuer in respect of or arising under the Notes (including any amounts attributable to the Notes and any damages awarded for breach of any obligations thereunder) shall rank:

- (a) *pari passu* without any preference among themselves;

- (c) in priority to claims in respect of Non-Preferred Junior Securities; and
- (d) junior to any present or future claims of Senior Creditors.

3.3 The Notes (together with any other outstanding Series of Senior Non-Preferred Notes) shall rank within the class of unsecured debt instruments of the Issuer having the lower priority ranking contemplated by Article 108(2) of the BRRD, as set out in the Creditor Hierarchy Directive (for the avoidance of doubt, should there be any inconsistency between any statutory ranking in Norway in order to implement the provisions of Article 108(2) of the BRRD and the ranking as set out in Condition 3.2 above, such statutory ranking shall prevail).

3.4 **No right of set-off or counterclaim**

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

4. **STATUS OF THE SUBORDINATED NOTES**

This Condition 4 applies only to Subordinated Notes and references to “Notes” and “Noteholders” in this Condition 4 shall be construed accordingly.

4.2 In the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by an Extraordinary Resolution of the holders of the Notes and do not provide that the Notes thereby become redeemable or repayable), claims of the Noteholders against the Issuer in respect of or arising under the Notes (including any amounts attributable to the Notes and any damages awarded for breach of any obligations thereunder) shall rank:

- (a) *pari passu* without any preference among themselves;
- (b) *pari passu* with claims in respect of Subordinated Parity Securities;
- (c) in priority to claims in respect of Subordinated Junior Securities; and

- (d) junior to any present or future claims of Specified Senior Creditors.

4.3 **No right of set-off or counterclaim**

No Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the Notes held by such Noteholder.

5. **INTEREST**

The applicable Final Terms will indicate whether the Notes are Fixed Rate Notes, Floating Rate Notes, Reset Notes or Zero Coupon Notes.

5.1 **Interest on Fixed Rate Notes**

This Condition 5.1 applies only to Fixed Rate Notes and references to “Notes” in this Condition 5.1 shall be construed accordingly.

Each Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

5.2 **Interest on Floating Rate Notes**

This Condition 5.2 applies only to Floating Rate Notes and references to “Notes” in this Condition 5.2 shall be construed accordingly.

(a) **Interest Payment Dates**

Each Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur

or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (A) in any case where Specified Periods are specified in accordance with Condition 5.2(a)(ii) above, the Floating Rate Convention, such Interest Payment Date (a) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (ii) below shall apply *mutatis mutandis* or (b) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (i) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (ii) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (B) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (C) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of the Notes will be determined in the manner specified in the applicable Final Terms.

(i) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (i), **ISDA Rate** for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating (i) if “2006 ISDA Definitions” is specified in the applicable Final Terms, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (**ISDA**) and as amended and updated as at the Issue Date of the first Tranche of the Notes; or (ii) if “2021 ISDA Definitions” is specified in the applicable Final Terms, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions as published by ISDA as at the Issue Date of the first Tranche of the Notes; (together, the **ISDA Definitions**) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period specified in the applicable Final Terms; and
- (C) the relevant Reset Date is as the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), **Floating Rate, Calculation Agent, Floating Rate Option, Designated Maturity** and **Reset Date** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(ii) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the Euro-zone interbank offered rate (**EURIBOR**), the Norwegian interbank offered rate (**NIBOR**) or the Stockholm interbank offered rate (**STIBOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of (A) above, no offered quotation appears or, in the case of (B) above, fewer than three offered quotations appear, in each case as at the Specified Time, the Reference Banks Agent shall request each of the Reference Banks to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent will calculate the amount of interest (the **Interest Amount**) payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Agent shall determine such rate at such time and by reference to such sources as the Issuer notifies to it.

(f) Notification of Rate of Interest and Interest Amounts

The Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer and any stock exchange on which the relevant Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will promptly be notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 15.

(g) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, whether by the Agent or, if applicable, the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent or in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Interest on Reset Notes

This Condition 5.3 applies only to Reset Notes and references to “Notes” in this Condition 5.3 shall be construed accordingly.

(a) Rate of Interest

Each Note bears interest:

- (i) from (and including) the Interest Commencement Date to (but excluding) the First Reset Date (the **Initial Period**), at the Initial Rate of Interest;

- (ii) for the First Reset Period, at the First Reset Rate of Interest; and
- (iii) for each Subsequent Reset Period thereafter (if any) to (but excluding) the Maturity Date, at the relevant Subsequent Reset Rate of Interest.

Interest will be payable, in each case, in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of each Interest Period falling in the Initial Period will amount to the Fixed Coupon Amount. Payments of interest on the first Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

The Calculation Agent will at or as soon as practicable after each time at which a Rate of Interest in respect of a Reset Period is to be determined, determine the relevant Rate of Interest for such Reset Period.

Except in the case of Notes in definitive form where a Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, the Agent will calculate the amount of interest (the **Reset Notes Interest Amount**) payable on the Reset Notes for the relevant Interest Period by applying the relevant Rate of Interest to:

- (A) in the case of Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or
- (B) in the case of Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Note in definitive form is a multiple of the Calculation Amount, the Reset Notes Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(b) Fallbacks

This Condition 5.3(b) applies only if the Reset Reference Rate is specified in the applicable Final Terms as Mid-Swap Rate.

If on any Reset Determination Date, the Relevant Screen Page is not available or the Reset Reference Rate does not appear on the Relevant Screen Page as at the Specified Time on such Reset Determination Date, the Rate of Interest applicable to the Notes in respect of each Interest Period falling in the relevant Reset Period will be determined by the Calculation Agent, on the following basis:

- (i) the Reference Banks Agent shall request each of the Reset Reference Banks to provide the Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately the Specified Time on the Reset Determination Date in question;
- (ii) if at least three of the Reset Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant quotations provided, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest (or, in the event of equality, one of the lowest) and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iii) if only two relevant quotations are provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the arithmetic mean (rounded as aforesaid) of the relevant quotations provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent;
- (iv) if only one relevant quotation is provided, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period will be equal to the sum of (A) the relevant quotation provided and (B) the Relevant Reset Margin, all as determined by the Calculation Agent; and

- (v) if none of the Reset Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 5.3, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) will be equal to the sum of:
- (A) if Initial Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the Initial Mid-Swap Rate and (B) the Relevant Reset Margin;
 - (B) if Reset Maturity Initial Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the Reset Period Maturity Initial Mid-Swap Rate and (B) the Relevant Reset Margin;
 - (C) if Last Observable Mid-Swap Rate Final Fallback is specified in the applicable Final Terms as being applicable, (A) the last observable rate for swaps in the Specified Currency with a term equal to the relevant Reset Period which appears on the Relevant Screen Page and (B) the Relevant Reset Margin,
- all as determined by the Calculation Agent and (if the Calculation Agent is not the Agent) notified to the Agent.

(c) Reset Reference Rate Conversion

This Condition 5.3(c) is only applicable if Reset Reference Rate Conversion is specified in the applicable Final Terms as being applicable. If Reset Reference Rate Conversion is so specified as being applicable, the First Reset Rate of Interest and, if applicable, each Subsequent Reset Rate of Interest will be converted by the Calculation Agent from the Original Reference Rate Payment Basis specified in the applicable Final Terms to a basis which matches the per annum frequency of Interest Payment Dates in respect of the Notes (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it).

(d) Notification of Rate of Interest and Interest Amounts

In respect of a Reset Period, the Agent will cause the relevant Rate of Interest in respect of such Reset Period and each Reset Notes Interest Amount for each Interest Period falling in such Reset Period to be notified to the Issuer and any stock exchange on which the relevant Reset Notes are for the time being listed and notice thereof to be published in accordance with Condition 15 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Reset Notes Interest Amount so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with Condition 15.

(e) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 5.3, whether by the Agent or, if applicable, the Calculation Agent shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Calculation Agent (if applicable), the other Paying Agents and all Noteholders and Couponholders.

5.4 Reference Rate Replacement

If:

- (a) Reference Rate Replacement is specified in the applicable Final Terms and either (i) the Notes are Reset Notes and Mid-Swap Rate is specified in the applicable Final Terms as the Reset Reference Rate or (ii) the Notes are Floating Rate Notes and Screen Rate Determination is specified in the applicable Final Terms as being applicable; and
- (b) notwithstanding the provisions of Condition 5.2(b)(ii) or 5.3(b), as applicable, the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or component part thereof) remains to be determined by reference to the relevant Original Reference Rate,

then the following provisions shall apply to the Notes:

- (i) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 5.4(b)(ii) below), as soon as reasonably practicable, to consult with the Issuer in determining:

- (A) a Successor Reference Rate; or
- (B) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than twelve Business Days prior to the Reset Determination Date or Interest Determination Date, as applicable, relating to the next Reset Period or Interest Period, as applicable, (the **Issuer Determination Cut-off Date**), for the purposes of determining all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4).

- (ii) The Independent Adviser appointed pursuant to this Condition 5.4 shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders, as applicable, for any determination made by the Issuer pursuant to this Condition 5.4.
- (iii) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 5.4:
 - (A) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the relevant Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4);
 - (B) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4);
 - (C) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Reset Reference Rate, Reset Reference Banks, Specified Time, Relevant Financial Centre, Reset Determination Date and/or Relevant Screen Page applicable to the Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (y) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the relevant Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),

which changes shall apply to the Notes for all future payments of interest on the Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5.4); and

- (D) promptly (and in any event no later than ten Business Days prior to the relevant Interest Determination Date) following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 5.4(b)(iii)(C) to the Agent and the Noteholders in accordance with Condition 15.

- (iv) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 5.4 prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5.2(b)(ii) or 5.3(b), as applicable.
- (c) No consent of the Noteholders shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, the relevant Adjustment Spread as described in this Condition 5.4 or such other relevant changes pursuant to Condition 5.4(b)(iii)(C), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required).
- (d) Notwithstanding any other provision of this Condition 5.4, the Agent is not obliged to concur with the Issuer or the Independent Adviser in respect of any changes or amendments as contemplated under this Condition 5.4 which would have the effect of (i) exposing the Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Agent in the Agency Agreement and/or these Conditions.
- (e) Notwithstanding any other provision of this Condition 5.4, if in the Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5.4, the Agent shall promptly notify the Issuer and/or the Independent Adviser thereof and the Issuer shall direct the Agent in writing as to which alternative course of action to adopt. If the Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Adviser (as the case may be) thereof and the Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.
- (f) Notwithstanding any other provision of this Condition 5.4:
 - (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5.4, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the Notes as:
 - (A) in the case of Senior Preferred Notes and Senior Non-Preferred Notes, MREL Eligible Liabilities; or
 - (B) in the case of Subordinated Notes, Tier 2 Capital; and
 - (ii) in the case of Senior Preferred Notes and Senior Non-Preferred Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5.4, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date.

5.5 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (a) the date on which all amounts due in respect of such Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Note has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 15.

6. PAYMENTS

6.1 Method of payment

Subject as provided below:

- (a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and
- (b) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

6.2 Presentation of definitive Notes and Coupons

Payments of principal in respect of definitive Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Notes, and payments of interest in respect of definitive Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8 below) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note, Reset Note or Long Maturity Note in definitive form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A **Long Maturity Note** is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Note.

6.3 Payments in respect of Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent outside the United States. A record of each payment made against presentation or surrender of any Global Note, distinguishing

between any payment of principal and any payment of interest, will be made on such Global Note by the Paying Agent to which it was presented and such record shall be prima facie evidence that the payment in question has been made.

6.4 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for their share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

- (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and
- (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.5 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

6.6 Interpretation of principal and interest

Any reference in the Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (a) the Final Redemption Amount of the Notes;
- (b) the Early Redemption Amount of the Notes;
- (c) the Optional Redemption Amount(s) (if any) of the Notes;
- (d) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.6); and
- (e) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in the Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below or (if applicable, pursuant to Condition 7.11 or Condition 7.12) substituted, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject, if applicable, to the provisions of Condition 7.10, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on an Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum

period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and in accordance with Condition 15, the Noteholders (which notice shall be irrevocable), if:

- (a) on the occasion of the next payment date due under the Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of Notes; and
- (b) such obligation cannot be avoided by the Issuer taking reasonable measure available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

This Condition 7.3 is not applicable for Subordinated Notes prior to five years from their Issue Date and references to “Notes” in this Condition 7.3 shall be construed accordingly.

If Issuer Call is specified as being applicable in the applicable Final Terms, subject, if applicable, to the provisions of Condition 7.10, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in applicable Final Terms to the Noteholders in accordance with Condition 15 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

If **Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (ii) the principal amount outstanding of the Notes to be redeemed multiplied by the price, as reported to the Issuer by the Financial Adviser, at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Financial Adviser.

If **Non-Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be an amount calculated by the Financial Adviser equal to the higher of (i) 100 per cent. of the principal amount outstanding of the Notes to be redeemed or (ii) the sum of the present values of the principal amount outstanding of the Notes to be redeemed and the Remaining Term Interest on such Note (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at the Reference Bond Rate, plus the Redemption Margin.

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 7.3, by the Financial Adviser, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on the Issuer, the Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Noteholders or the

Couponholders shall attach to the Agent or in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

In the case of a partial redemption of Notes, the Notes to be redeemed (**Redeemed Notes**) will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) in the case of Redeemed Notes represented by a Global Note, not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the **Selection Date**). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 15 below not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this Condition 7.3 and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 15 below at least 5 days prior to the Selection Date.

7.4 Redemption upon Capital Event – Subordinated Notes

This Condition 7.4 applies only to Subordinated Notes and where this Condition 7.4 is specified as being applicable in the applicable Final Terms and references to “Notes” and “Noteholders” in this Condition 7.4 shall be construed accordingly.

Subject, if applicable, to the provisions of Condition 7.10, the Notes may be redeemed at the option of the Issuer, in whole, but not in part, at any time (in the case of all Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable) if a Capital Event has occurred.

Prior to the publication of any notice of redemption pursuant to this Condition 7.4, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that a Capital Event has occurred.

Notes redeemed pursuant to this Condition 7.4 will be redeemed at their Early Redemption Amount referred to in Condition 7.6 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.5 Redemption upon MREL Disqualification Event – Senior Preferred Notes and Senior Non-Preferred Notes, where applicable

This Condition 7.5 applies only to Senior Preferred Notes and Senior Non-Preferred Notes, in each case, only where this Condition 7.5 is specified as being applicable in the applicable Final Terms and references to “Notes” and “Noteholders” in this Condition 7.5 shall be construed accordingly.

Subject, if applicable, to the provisions of Condition 7.10, the Notes may be redeemed at the option of the Issuer, in whole, but not in part, at any time (in the case of all Notes other than Floating Rate Notes) or on any Interest Payment Date (in the case of Floating Rate Notes) on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable) if a MREL Disqualification Event has occurred.

Prior to the publication of any notice of redemption pursuant to this Condition 7.5, the Issuer shall deliver to the Agent to make available at its specified office to the Noteholders a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that a MREL Disqualification Event has occurred.

Notes redeemed pursuant to this Condition 7.5 will be redeemed at their Early Redemption Amount referred to in Condition 7.6 together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.6 Early Redemption Amounts

For the purpose of Condition 7.2, Condition 7.4 and Condition 7.5:

- (a) each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and

- (b) each Zero Coupon Note will be redeemed at an amount (the **Amortised Face Amount**) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AY means the Accrual Yield expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption (or as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

7.7 Purchases

Subject, if applicable, to the provisions of Conditions 7.10, the Issuer or any Subsidiary of the Issuer may purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, reissued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

7.8 Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to Condition 7.7 above (together with all unmatured Coupons and Talons cancelled therewith) shall be forwarded to the Agent and cannot be reissued or resold.

7.9 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Conditions 7.1, 7.2, 7.3, 7.4 or 7.5 or upon its becoming due and repayable as provided in Condition 10, as the case may be, is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.6(b) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 15.

7.10 Consent

No early redemption in any circumstances, purchase under Condition 7.7, substitution or variation under Condition 7.11 (in the case of Subordinated Notes) or substitution or variation under Condition 7.12 (in the case of Senior Non-Preferred Notes and Senior Preferred Notes) shall take place without the prior written permission of the Relevant Regulator (in each case, if, and to the extent, then required by the Relevant Regulator and, in the case of Senior Preferred Notes and Senior Non-Preferred Notes, by the Applicable MREL Regulations). In addition, in respect of any redemption of Subordinated Notes pursuant to Condition 7.2 or 7.4 only, and except to the extent the Relevant Regulator no longer so requires, the Issuer may only redeem the Subordinated Notes before five years after the Issue Date if

the Issuer demonstrates to the satisfaction of the Relevant Regulator that the circumstance that entitles it to exercise such right of redemption was not reasonably foreseeable as at the Issue Date. For the avoidance of doubt, redemption of Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes under Condition 7.1 or repayment pursuant to Condition 10, as the case may be, shall not require the consent of the Relevant Regulator.

7.11 Substitution or Variation – Subordinated Notes

This Condition 7.11 applies only to Subordinated Notes and where this Condition 7.11 is specified as being applicable in the applicable Final Terms, and references to “Notes” and “Noteholders” in this Condition 7.11 shall be construed accordingly.

If at any time a Capital Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 20, the Issuer may, subject to the provisions of Condition 7.10 (without any requirement for the consent or approval of the Noteholders) on giving not less than 30 nor more than 60 days’ notice to the Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the Notes for, or vary the terms of the Notes (including changing the governing law of Condition 20, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying Subordinated Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the Notes.

Any such substitution of the Notes for, or variation of the terms of the Notes so that they remain or, as appropriate, become, Qualifying Subordinated Securities as aforesaid, is subject to the Issuer delivering to the Agent in advance of any such substitution or variation, a certificate in the form described in the definition of Qualifying Subordinated Securities in accordance with the provisions thereof which the Agent shall make available at its specified office to the Noteholders.

7.12 Substitution or Variation – Senior Preferred Notes and Senior Non-Preferred Notes, where applicable

This Condition 7.12 applies only to Senior Preferred Notes and Senior Non-Preferred Notes, in each case, only where this Condition 7.12 is specified as being applicable in the applicable Final Terms and references to “Notes” and “Noteholders” in this Condition 7.12 shall be construed accordingly.

If at any time a MREL Disqualification Event occurs and is continuing, or in order to ensure the effectiveness and enforceability of Condition 20, the Issuer may, subject to the provisions of Condition 7.10 (without any requirement for the consent or approval of the Noteholders) on giving not less than 30 nor more than 60 days’ notice to the Agent and, in accordance with Condition 15, the Noteholders (which notice shall be irrevocable) either substitute all (but not some only) of the Notes for, or vary the terms of the Notes (including changing the governing law of Condition 20, from English law to Norwegian law) so that they remain or, as appropriate, become, Qualifying MREL Securities (as defined below), provided that such substitution or variation does not itself give rise to any right of the Issuer to redeem the substituted or varied securities that are inconsistent with the redemption provisions of the Notes.

Prior to any such substitution or variation of the Notes, the Issuer shall deliver to the Agent a certificate in the form described in the definition of Qualifying MREL Securities in accordance with the provisions thereof.

8. TAXATION

All payments in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, in the case of a payment of interest only, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment in Norway;

- (b) the holder of which is liable for such taxes in respect of such Note or Coupon by reason of their having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or
- (c) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.5).

As used herein:

Tax Jurisdiction means Norway or any political subdivision or any authority thereof or therein having power to tax (in the case of payments by the Issuer); and

Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 15.

9. PRESCRIPTION

The Notes and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and 5 years (in the case of interest) after the Relevant Date (as defined in Condition 8) therefor.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

10. EVENTS OF DEFAULT RELATING TO SENIOR PREFERRED NOTES AND SENIOR NON-PREFERRED NOTES

This Condition 10 shall apply only to Senior Preferred Notes and Senior Non-Preferred Notes and references to “Notes” and “Noteholders” in this Condition 10 shall be construed accordingly.

If any one or more of the following events (each an **Event of Default**) shall occur and be continuing with respect to any Note:

- (a) if any order is made by any competent court or resolution passed by any competent authority for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms approved by an Extraordinary Resolution of the Noteholders; or

3.2 Subject as set out in Condition 3.3 below, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by a VPS Noteholders Meeting (as defined in the VPS Trustee Agreement) of the VPS Noteholders and do not provide that the VPS Notes thereby become redeemable or repayable), claims of the VPS Noteholders against the Issuer in respect of or arising under the VPS Notes (including any amounts attributable to the VPS Notes and any damages awarded for breach of any obligations thereunder) shall rank:

(a) *pari passu* without any preference among themselves;

- (b) *pari passu* with claims in respect of Non-Preferred Parity Securities and Statutory Non-Preferred Claims, if any;
 - (c) in priority to claims in respect of Non-Preferred Junior Securities; and
 - (d) junior to any present or future claims of Senior Creditors.
- 3.3 The VPS Notes (together with any other outstanding Series of Senior Non-Preferred VPS Notes) shall rank within the class of unsecured debt instruments of the Issuer having the lower priority ranking contemplated by Article 108(2) of the BRRD, as set out in the Creditor Hierarchy Directive (for the avoidance of doubt, should there be any inconsistency between any statutory ranking in Norway in order to implement the provisions of Article 108(2) of the BRRD and the ranking as set out in Condition 3.2 above, such statutory ranking shall prevail).

3.4 **No right of set-off or counterclaim**

No VPS Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the VPS Notes held by such VPS Noteholder.

4. STATUS OF THE SUBORDINATED VPS NOTES

This Condition 4 applies only to Subordinated VPS Notes and references to “VPS Notes” and “VPS Noteholders” in this Condition 4 shall be construed accordingly.

4.1 The VPS Notes constitute dated, unsecured and subordinated obligations (*ansvarlig lånekapital*) of the Issuer, and will at all times rank *pari passu* without any preference among themselves. The VPS Notes are subordinated as described in Condition 4.2.

4.2 In the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration (except, in any such case, a solvent liquidation, dissolution, or winding-up solely for the purposes of a reorganisation, reconstruction or amalgamation of the Issuer, the terms of which reorganisation, reconstruction or amalgamation have previously been approved by a VPS Noteholders Meeting of the VPS Noteholders and do not provide that the VPS Notes thereby become redeemable or repayable), claims of the VPS Noteholders against the Issuer in respect of or arising under the VPS Notes (including any amounts attributable to the VPS Notes and any damages awarded for breach of any obligations thereunder) shall rank:

- (a) *pari passu* without any preference among themselves;

4.3 **No right of set-off or counterclaim**

No VPS Noteholder who becomes indebted to the Issuer shall, in the event of a liquidation, dissolution or winding-up of the Issuer by way of public administration, be entitled to exercise any right of set-off or counterclaim against moneys owed by the Issuer in respect of the VPS Notes held by such VPS Noteholder.

5. INTEREST

The applicable Final Terms will indicate whether the VPS Notes are Fixed Rate Notes, Floating Rate Notes or Zero Coupon Notes.

(a) **Interest on Fixed Rate Notes**

This Condition 5(a) applies only to Fixed Rate Notes and references to “Notes” in this Condition 5(a) shall be construed accordingly.

Each Note will bear interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

Except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) such date will amount to the

Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

If interest is required to be calculated for a period other than an Interest Period, such interest shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(b) **Interest on Floating Rate Notes**

This Condition 5(b) applies only to Floating Rate Notes and references to “Notes” in this Condition 5(b) shall be construed accordingly.

(i) **Interest Payment Dates**

Each Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month on which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with Condition 5(b)(i)(B) above the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day; or
- (3) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day; or
- (4) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

(ii) **Rate of Interest**

The Rate of Interest payable from time to time in respect of the Notes will be determined in the manner specified in the applicable Final Terms.

- (A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), **ISDA**

Rate for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating (i) if “2006 ISDA Definitions” is specified in the applicable Final Terms, the 2006 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc. (**ISDA**) and as amended and updated as at the Issue Date of the first Tranche of the Notes; or (ii) if “2021 ISDA Definitions” is specified in the applicable Final Terms, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions as published by ISDA as at the Issue Date of the first Tranche of the Notes; (together, the **ISDA Definitions**) and under which:

- (1) the Floating Rate Option is as specified in the applicable Final Terms; and
- (2) the Designated Maturity is a period specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), **Floating Rate**, **Calculation Agent**, **Floating Rate Option** and **Designated Maturity** have the meanings given to those terms in the ISDA Definitions.

Unless otherwise stated in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

(B) *Screen Rate Determination for Floating Rate Notes*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either the Euro-zone interbank offered rate (**EURIBOR**), the Norwegian interbank offered rate (**NIBOR**) or the Stockholm interbank offered rate (**STIBOR**), as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at the Specified Time on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if, in the case of Condition 5(b)(ii)(B)(1), no offered quotation appears or, in the case of Condition 5(b)(ii)(B)(2), fewer than three offered quotations appear, in each case as at the Specified Time, the Reference Banks Agent shall request each of the Reference Banks to provide the Reference Banks Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately the Specified Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Reference Banks Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.

If on any Interest Determination Date one only or none of the Reference Banks provides the Reference Banks Agent with an offered quotation as provided in the preceding paragraph, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent determines as being the arithmetic mean

(rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the rates, as communicated to (and at the request of) the Reference Banks Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately the Specified Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Reference Banks Agent with offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, at approximately the Specified Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for the purpose) informs the Reference Banks Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR), the Norwegian inter-bank market (if the Reference Rate is NIBOR) or the Swedish inter-bank market (if the Reference Rate is STIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period in place of the Margin relating to that last preceding Interest Period).

(iii) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this paragraph (iii) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of this paragraph (iii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(iv) Determination of Rate of Interest and calculation of Interest Amounts

The Calculation Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the amount of interest (the **Interest Amount**) payable on the Notes in respect of each Specified Denomination for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

(v) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the

length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(vi) Notification of Rate of Interest and Interest Amounts

The Calculation Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the VPS Agent, the VPS Trustee and any stock exchange on which the relevant Notes are for the time being listed (by no later than the first day of each Interest Period) and notice thereof to be published in accordance with Condition 13 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the VPS Noteholders in accordance with Condition 13. The notification of any rate or amount, if applicable, shall be made to Euronext VPS in accordance with and subject to Euronext VPS rules and regulations for the time being in effect.

(vii) Determination or Calculation by the VPS Trustee

If for any reason at any relevant time the Calculation Agent defaults in its obligation to determine the Rate of Interest, the VPS Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the VPS Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent.

(viii) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, by the Calculation Agent, shall (in the absence of wilful default, bad faith, manifest error or proven error) be binding on all parties and (in the absence of wilful default or bad faith) no liability shall attach to the Calculation Agent or the VPS Trustee (if applicable) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Reference Rate Replacement

If:

- (i) Reference Rate Replacement is specified in the applicable Final Terms and Screen Rate Determination is specified in the applicable Final Terms as being applicable; and
- (ii) notwithstanding the provisions of Condition 5(b)(ii)(B), the Issuer determines that a Benchmark Event has occurred when any Rate of Interest (or component part thereof) remains to be determined by reference to the relevant Original Reference Rate,

then the following provisions shall apply to the VPS Notes:

- (A) The Issuer shall use its reasonable endeavours to appoint an Independent Adviser (on the terms described in Condition 5(c)(ii)(B) below), as soon as reasonably practicable, to consult with the Issuer in determining:
 - (1) a Successor Reference Rate; or
 - (2) if the Issuer fails so to determine a Successor Reference Rate, an Alternative Reference Rate,

and, in either case, an Adjustment Spread (in any such case, acting in good faith and in a commercially reasonable manner) no later than twelve Business Days prior to the Interest

Determination Date relating to the next Interest Period (the **Issuer Determination Cut-off Date**), for the purposes of determining all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c)).

- (B) The Independent Adviser appointed pursuant to this Condition 5(c) shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the VPS Agent, the VPS Trustee, the Calculation Agent and all VPS Noteholders, as applicable, for any determination made by the Issuer pursuant to this Condition 5(c).
- (C) If a Successor Reference Rate or, failing which, an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is determined by the Issuer in accordance with this Condition 5(c):
- (1) such Successor Reference Rate or Alternative Reference Rate (as applicable) shall subsequently be used in place of the relevant Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c));
 - (2) such Adjustment Spread shall be applied to such Successor Reference Rate or Alternative Reference Rate (as applicable) for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c));
 - (3) the Issuer (following consultation with the Independent Adviser and acting in good faith and in a commercially reasonable manner) may in its discretion specify:
 - (x) changes to the Conditions in order to follow market practice in relation to such Successor Reference Rate or Alternative Reference Rate (as applicable), including, but not limited to (i) the Additional Business Centre(s), Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reference Banks, Additional Financial Centre(s) and/or Relevant Screen Page applicable to the VPS Notes and (ii) the method for determining the fallback to the Rate of Interest in relation to the VPS Notes if such Successor Reference Rate or Alternative Reference Rate (as applicable) is not available; and
 - (y) any other changes which the Issuer determines are reasonably necessary to ensure the proper operation and comparability to the relevant Original Reference Rate of such Successor Reference Rate or Alternative Reference Rate (as applicable),which changes shall apply to the VPS Notes for all future payments of interest on the VPS Notes (subject to the subsequent operation of, and adjustment as provided in, this Condition 5(c)); and
 - (4) promptly (and in any event no later than ten Business Days prior to the relevant Interest Determination Date) following the occurrence of a Benchmark Event and the determination of any Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case, any Adjustment Spread, the Issuer shall give notice thereof (including, in the case of the appointment of an Independent Adviser, the name and contact details of such Independent Adviser) and of any changes (and the effective date thereof) pursuant to Condition 5(b)(iv)(C)(3) to the Calculation Agent, the VPS Agent, the VPS Trustee and the VPS Noteholders in accordance with Condition 13.
- (D) If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) a Successor Reference Rate or an Alternative Reference Rate (as applicable) and, in either case, an Adjustment Spread is not determined pursuant to the operation of this Condition 5(c) prior to the relevant Issuer Determination Cut-off Date, then the Rate of Interest for the next Interest Period shall be determined by reference to the fallback provisions of Condition 5(b)(ii)(B).

No consent of the VPS Noteholders or the VPS Trustee shall be required in connection with effecting the relevant Successor Reference Rate or Alternative Reference Rate (as applicable) and, in either case,

the relevant Adjustment Spread as described in this Condition 5(c) or such other relevant changes pursuant to Condition 5(c)(ii)(C)(3), including for the execution of any documents or the taking of other steps by the Issuer or any of the parties to the VPS Agency Agreement or the VPS Trustee Agreement (if required).

Notwithstanding any other provision of this Condition 5(c), the Agent is not obliged to concur with the Issuer or the Independent Advisor in respect of any changes or amendments as contemplated under this Condition 5(c) which would have the effect of (i) exposing the Agent to any liability or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Agent in the Agency Agreement and/or these Conditions.

Notwithstanding any other provision of this Condition 5(c), if in the Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 5(c), the Agent shall promptly notify the Issuer and/or the Independent Advisor thereof and the Issuer shall direct the Agent in writing as to which alternative course of action to adopt. If the Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and/or the Independent Advisor (as the case may be) thereof and the Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

Notwithstanding any other provision of this Condition 5(c):

- (i) no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the VPS Notes will be made pursuant to this Condition 5(c), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the VPS Notes as:
 - (A) in the case of Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes, MREL Eligible Liabilities; or
 - (B) in the case of Subordinated VPS Notes, Tier 2 Capital; and
- (ii) in the case of Senior Preferred VPS Notes and Senior Non-Preferred VPS Notes only, no Successor Reference Rate or Alternative Reference Rate (as applicable) will be adopted, and no other amendments to the terms of the Notes will be made pursuant to this Condition 5(c), if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to result in the Relevant Regulator treating the next Interest Payment Date as the effective maturity of the VPS Notes, rather than the relevant Maturity Date.

(d) **Accrual of interest**

Each VPS Note (or in the case of the redemption of part only of a VPS Note, that part only of such VPS Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such VPS Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable in respect of such VPS Note has been received by the VPS Agent and notice to that effect has been given to the VPS Noteholders in accordance with Condition 13.

(e) **Calculation Agent**

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in respect of the VPS Notes and for so long as any VPS Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the VPS Notes, references in these VPS Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the VPS Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Final Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall (with the prior approval of the VPS Trustee) appoint a leading bank or investment banking firm engaged in the inter-bank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in

such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

6. PAYMENTS

(a) Method of payment

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney or Auckland, respectively); and
- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

(b) Payments in respect of VPS Notes

Payments of principal and interest in respect of VPS Notes and notification thereof to VPS Noteholders will be made to the VPS Noteholders shown in the records of Euronext VPS and will be effected through and in accordance with and subject to the rules and regulations from time to time governing Euronext VPS. The VPS Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any VPS Noteholder. The Issuer reserves the right at any time with the approval of the VPS Trustee to vary or terminate the appointment of the VPS Agent or the Calculation Agent and to appoint additional or other agents, provided that the Issuer shall at all times maintain (i) a VPS Agent authorised to act as an account operating institution with Euronext VPS, (ii) one or more Calculation Agent(s) where the VPS Conditions so require, and (iii) such other agents as may be required by any other stock exchange on which the VPS Notes may be listed in each case.

Notice of any such change or of any change of any specified office shall promptly be given to the VPS Noteholders in accordance with Condition 13.

(c) Payment Day

If the date for payment of any amount in respect of any VPS Note is not a Payment Day, the holder thereof shall not be entitled to payment of the relevant payment due until the next following Payment Day and shall not be entitled to any interest or other payment in respect of any such delay.

Interpretation of principal and interest

Any reference in these VPS Conditions to principal in respect of the VPS Notes shall be deemed to include, as applicable:

- (i) the Final Redemption Amount of the VPS Notes;
- (ii) the Early Redemption Amount of the VPS Notes;
- (iii) the Optional Redemption Amount(s) (if any) of the VPS Notes;
- (iv) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7(f)); and
- (v) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the VPS Notes.

Any reference in these VPS Conditions to interest in respect of the VPS Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

7. REDEMPTION AND PURCHASE

(a) **Redemption at maturity**

Unless previously redeemed or purchased and cancelled as specified below or (if applicable, pursuant to Condition 7(k) or Condition 7(l)) substituted, each VPS Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) **Redemption for tax reasons**

Subject, if applicable to the provisions of Condition 7(f), the VPS Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this VPS Note is not a Floating Rate Note) or on an Interest Payment Date (if this VPS Note is a Floating Rate Note), on giving not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Agent and in accordance with Condition 13, the VPS Noteholders (which notice shall be irrevocable), if:

(i) on the occasion of the next payment date due under the VPS Notes, the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of VPS Notes; and

(ii) such obligation cannot be avoided by the Issuer taking reasonable measure available to it,

provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the VPS Notes then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the VPS Agent to make available at its specified office to the VPS Noteholders (i) a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and (ii) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment.

VPS Notes redeemed pursuant to this Condition 7(b) will be redeemed at their Early Redemption Amount referred to in Condition 7(f) below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

(c) **Redemption at the option of the Issuer (Issuer Call)**

This Condition 7(c) is not applicable for Subordinated VPS Notes prior to five years from their Issue Date and references to "VPS Notes" in this Condition 7(c) shall be construed accordingly.

If Issuer Call is specified as being applicable in the applicable Final Terms, subject, if applicable, to the provisions of Condition 7(k), the Issuer may, having given not less than the minimum notice period nor more than the maximum period of notice specified in the applicable Final Terms to the VPS Noteholders in accordance with Condition 13 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the VPS Notes then outstanding on any Optional Redemption Date and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount or not more than a Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

If **Sterling Make-Whole Redemption Amount** is specified in the applicable Final Terms as the Optional Redemption Amount, the Optional Redemption Amount shall be equal to the higher of (i) 100 per cent. of the principal amount outstanding of the VPS Notes to be redeemed or (ii) the principal amount outstanding of the VPS Notes to be redeemed multiplied by the price, as reported to the Issuer by the Financial Adviser, at which the Gross Redemption Yield on such VPS Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin, all as determined by the Financial Adviser.

Noteholders would not be entitled to vote on such cases. Any amendments to the Green & Sustainability Bond Framework and any new second-party opinion on the Green & Sustainability Bond Framework will be published and will be available on the Issuer’s website at the address above.

Operations and compliance

The Group operates in a regulated environment and must conduct its business in compliance with such regulations. Regulations include, but are not limited to, anti-money laundering, privacy protection and anticorruption. Furthermore, the nature of the business of the Group, and in particular Sparebanken Sør, involves risks of, *inter alia*, embezzlement, insider trading and fraud. Sparebanken Sør covers the operational business and hence the risk management of the Group as a whole. The operation of the business of the Group is heavily dependent on IT systems, which are exposed to risks of failure or cybercrime, such as Trojan attacks. Any events affecting Sparebanken Sør's ability to carry out its operations on behalf of the Group may affect the Group at large.

History

The story of Sparebanken Sør goes back to 1824 when Christianssands Sparebank was established as one of the first savings banks in Norway. Sparebanken Agder was formed in 1984 as a result of a merger between Christianssands Sparebank and several other local banks. Two other savings banks became part of Sparebanken Agder in 1985 and 1986. The name of the Bank was later changed to Sparebanken Pluss in 1988.

Sparebanken Pluss merged with the former Sparebanken Sør with effect from 1 January 2014. Sparebanken Pluss was the surviving entity in the merger, but was renamed Sparebanken Sør, being the same name as the non-surviving entity.

Book entry settlement in respect of VPS Notes

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Euronext VPS currently in effect. The information in this section concerning Euronext VPS has been obtained from sources that the Issuer believes to be reliable, but neither the Issuer nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of Euronext VPS are advised to confirm the continued applicability of the rules, regulations and procedures of Euronext VPS. Neither the Issuer nor any other party to the VPS Trustee Agreement or the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the VPS Notes held through the facilities of Euronext VPS or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

EURONEXT VPS

Euronext VPS (*Verdipapirsentralen ASA*, trading as Euronext Securities Oslo) is a Norwegian public limited liability company which is authorised by the NFSA as a central securities depository in accordance with the Norwegian Act of 15 March 2019 no. 6 on Central Securities Depositories (the **CSD Act**).

The CSD Act and its ancillary regulation passed thereunder require that, amongst other things, all Norwegian notes and bonds issued from time to time shall be registered with Euronext VPS or another central securities depository which is properly authorised or recognised by the NFSA as being entitled to register such notes and bonds pursuant to Regulation (EU) No. 909/2014 (the **CSDR**) (such notes and bonds, the **VPS Securities**), except Norwegian notes and bonds which are either (i) issued by Norwegian issuers outside Norway and denominated in Norwegian Kroner with subscription limited to non-Norwegian tax residents only, or (ii) issued outside Norway in a currency other than Norwegian Kroner.

Euronext VPS is a paperless securities registry and, therefore, registration of ownership, transfer and other rights to financial instruments are evidenced by book entries in the registry. Any issuer of VPS Securities will be required to have an account (issuer's account) where all the VPS Securities are registered in the name of the holder and each investor is required to have her/his own account (investor's account) showing such person's holding of VPS Securities at any time. Both the issuer and the investor will, for the purposes of registration in Euronext VPS, have to appoint an account operator which will normally be a Norwegian bank or Norwegian investment firm.

Noteholders may hold VPS Securities either (i) directly in an investor's account, or (ii) in a nominee account with a nominee meeting the statutory requirements in Section 4-3, paragraph 1 of the CSD Act or having been approved by the NFSA pursuant to Section 4-3, paragraph 3 of the CSD Act.

Taxation

NORWAY

The following is a general description of certain Norwegian tax considerations for non-resident holders of Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Norway of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date.

Taxation on Interest

Interest paid to a non-resident holder of Notes will not be subject to Norwegian income tax. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Norway levies withholding tax rules on certain interest payments from Norway. The withholding obligation applies only to interest payments made to related parties of the debtor who are resident in low tax jurisdictions. Due to the constitution of the Issuer as a Norwegian savings bank, with no non-Norwegian ownership or subsidiaries, the Issuer does not expect the withholding tax rules to apply to interest payments on Notes issued by it.

Taxation of Capital Gains

A non-resident holder of Notes is not taxed in Norway on gains derived from the sale, disposal or redemption of the Notes. Such holder of Notes may, however, be subject to taxation if the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Wealth Tax

Norway does not levy any property tax or similar taxes on the Notes.

An individual non-resident holder of Notes is not subject to wealth tax, unless the holding of Notes is effectively connected with a business carried on by the holder of Notes in Norway or managed from Norway.

Such tax liability may be modified through an applicable tax treaty.

Transfer Tax

There is currently no Norwegian transfer tax on the transfer of Notes.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as **FATCA**, a **foreign financial institution** (as defined by FATCA) may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions, including Norway, have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of FATCA provisions and IGAs to instruments such as Notes, including whether withholdings would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal income tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S.

Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under “*Terms and Conditions of the Notes other than VPS Notes – Further Issues*” and “*Terms and Conditions of the VPS Notes – Further Issues*”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.

THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14 February 2013, the European Commission published a proposal (the **Commission’s Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation EC No 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

The Dealers have, in an amended and restated programme agreement (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the **Programme Agreement**) dated 23 September 2022, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “*Form of the Notes*”, “*Terms and Conditions of the Notes other than VPS Notes*” and “*Terms and Conditions of the VPS Notes*”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers are set out in the Programme Agreement. Any such agreement will *inter alia* make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or renewal of existing Dealers and the appointment of additional Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

UNITED STATES

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes (other than VPS Notes) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. In the case of Notes other than VPS Notes, the applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS

Unless the Final Terms in respect of any Notes specifies “*Prohibition of sales to EEA Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision, the expression **retail investor** means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended) (MiFID II); or
- (b) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

UNITED KINGDOM

Prohibition of sales to UK Retail Investors

Unless the Final Terms in respect of any Notes specifies “*Prohibition of sales to UK Retail Investors*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the UK. For the purposes of this provision, the expression **retail investor** means a person who is one (or more) of the following:

- (a) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the EUWA; or
